(**NYSE: CLF**) announced today the commencement of tender offers to purchase (each offer a "Tender Offer" and collectively, the "Tender Offers"), subject to certain terms and conditions, up to the maximum aggregate principal amount of its outstanding 5.90% Senior Notes due March 2020 (the "March 2020 Notes"), 4.80% Senior Notes due October 2020 (the "October 2020 Notes") and 4.875% Senior Notes due April 2021 (the "2021 Notes" and, collectively with the March 2020 Notes and the October 2020 Notes, the "Securities") that it can purchase for up to \$250.0 million in aggregate purchase price (the "Maximum Payment Amount"), excluding accrued and unpaid interest up to, but not including, the Settlement Date (as defined below), at the prices set forth below.

The Tender Offers are scheduled to expire at midnight, New York City time, at the end of the day on March 9, 2017 (the "Expiration Time"), unless extended or earlier terminated by the Company. The Tender Offers are being made pursuant to an Offer to Purchase and a related Letter of Transmittal each dated February 9, 2017 (together, the "Tender Offer Materials"), which set forth a more detailed description of the Tender Offers. Holders of the Securities are urged to carefully read the Tender Offer Materials before making any decision with respect to the Tender Offers.

The Company is offering to purchase the maximum aggregate principal amount of the Securities that may be purchased for the Maximum Payment Amount, subject to the acceptance priority levels set forth in the table below (the "Acceptance Priority Levels"). As discussed in more detail in the Tender Offer Materials, the Company reserves the right, but is under no obligation, to increase or decrease the Maximum Payment Amount, at any time, subject to compliance with applicable law.

The following table sets forth certain terms of the Tender Offers:

Title of Security	CUSIP Number	Principal Amount Outstanding	Acceptance Priority Level	Per \$1,000 Principal Amount of Securities	Tender Offer Consideration(1)
5.90% Senior Notes due 2020	18683K AA9	\$225,643,000	1		\$1,050.00

Subject to the terms and conditions of the Tender Offers, holders of the Securities who validly tender their Securities prior to the expiration of the Tender Offers will be eligible to receive the tender offer consideration plus accrued and unpaid interest up to, but not including, the Settlement Date, payable for each \$1,000 principal amount of Securities specified in the table above for the applicable series of Securities (the "Tender Offer Consideration"). Holders whose Securities are accepted for purchase will also receive accrued and unpaid interest up to, but not including, the Settlement Date.

The Company will purchase any Securities that are validly tendered and not validly withdrawn prior to the Expiration Time, up to the Maximum Payment Amount and subject to the satisfaction and waiver of all conditions to the Tender Offers, promptly following the Expiration Time (the "Settlement Date"). The Settlement Date will occur promptly following the Expiration Time and is currently expected to be on March 10, 2017, assuming all conditions to the Tender Offers have been satisfied or waived. The amounts of each series of Securities that are purchased on the Settlement Date will be determined in accordance with the Acceptance Priority Levels, with 1 being the highest Acceptance Priority Level and 3 being the lowest Acceptance Priority Level.

The Company currently intends to finance the purchase of Securities tendered in the Tender Offers by issuing equity in an amount and on terms satisfactory to the Company (the "Financing Condition"). The obligation of the Company to accept for purchase and to pay the Tender Offer Consideration and the accrued and unpaid interest on the Securities pursuant to the Tender Offers is not subject to any minimum tender condition, but is subject to the Maximum Payment Amount, the application of the Acceptance Priority Levels and the satisfaction or waiver of certain conditions described in the Tender Offer Materials, including the Financing Condition. The Tender Offers may be amended, extended, terminated or withdrawn.

The Company has agreed, upon consummation of the Tender Offers, to pay a soliciting dealer fee equal to \$2.50 for each \$1,000 principal amount of Securities that are validly tendered pursuant to the Tender Offers to retail brokers that are appropriately designated by their beneficial holder clients to receive this fee, provided that such fee will only be paid with respect to tenders by beneficial holders whose aggregate principal amount of Securities is \$250,000 or less.
