(1) Including Notes (as defined below) held by Petrobras or its affiliates.

(2) Per US\$1,000 principal amount of Notes validly tendered and accepted for purchase, based on the fixed spread for the applicable series of Notes plus the yield calculated to the applicable maturity date or par call date, as applicable, based on the bid-side price of the Reference U.S. Treasury Security for that series as of 11:00 a.m. (New York City time) on April 7, 2021 (such date and time with respect to an Offer (as defined below), as it may be extended with respect to such Offer, the “Price Determination Date”). The information related to consideration provided in the above table is for illustrative purposes only and was calculated based on the yield calculated to the applicable maturity date or par call date, as applicable, based on the bid-side price of the applicable Reference U.S. Treasury Security for each series of Notes as of 11:00 a.m. (New York City time) on March 30, 2021. We make no representation with respect to the actual consideration that may be paid in connection with the Offers, and such amounts may be greater or less than those shown in the above table depending on the yield of the applicable Reference U.S. Treasury Security on the Price Determination Date. The applicable Consideration (as defined below) does not include accrued and unpaid interest on the Notes accepted for purchase through the Settlement Date (as defined below), which will be payable in cash.

(3) The par call date for this series of Notes is December 3, 2049, or six months prior to the scheduled maturity date.

The Offers will expire at 5:00 p.m., New York City time, on April 7, 2021, unless extended (such date and time, as the same may be extended with respect to an Offer, the “Expiration Date”). To be eligible to receive the Consideration (as defined below), Holders (as defined below) must validly tender and not validly withdraw their Notes (as defined below) on or prior to the Expiration Date, or deliver a properly completed and duly executed notice of guaranteed delivery and other required documents pursuant to the guaranteed delivery procedures described herein, on or prior to the Expiration Date and tender their Notes on or prior to 5:00 p.m., New York City time, on the second Business Day following the Expiration Date (the “Guaranteed Delivery Date”). Notes validly tendered may be withdrawn at any time prior to 5:00 p.m., New York City time, on April 7, 2021, unless extended (such date and time, as the same may be extended with respect to an Offer, the “Withdrawal Date”), but not thereafter.

Neither the U.S. Securities and Exchange Commission (the “SEC”) nor any U.S. state securities commission has approved or disapproved of the Offers, passed upon the merits or fairness of the Offers or passed upon the adequacy or accuracy of the disclosure in this Offer to Purchase. IMPORTANT INFORMATION

The Offers are being made upon the terms and subject to the conditions set forth in this Offer to Purchase and the related notice of guaranteed delivery attached as Annex 1 hereto (the “**Notice of Guaranteed Delivery**” and collectively with the Offer to Purchase, the “**Offer Documents**”). The Offer Documents contain important information that the Holders are urged to read before any decision is made with respect to the Offers. Copies of the Offer to Purchase and the Notice of Guaranteed Delivery are available to Holders at the following web address: <https://www.gbsc-usa.com/Petrobras/>.

All references to “**US\$**” refer to U.S. dollars and “**R\$**” refer to Brazilian *reais*.

The “**Settlement Date**” is the date that we settle the Offers, and we expect such date to be promptly following the Expiration Date.

Holders who validly tender their Notes on or before the Expiration Date, or pursuant to the Guaranteed Delivery Procedures, and whose Notes are accepted for purchase will receive the Consideration determined in the manner described in this Offer to Purchase. The Consideration will be payable on the Settlement Date.

In addition to the Consideration, Holders whose Notes are purchased in the Offers will also receive Accrued Interest consisting of accrued and unpaid interest from, and including, the last interest payment date for the relevant series of Notes to, but not including, the Settlement Date. Under no circumstances will any interest be payable because of any delay in the transmission of funds to Holders by the Depository or The Depository Trust Company (“**DTC**”).

The U.S. Dollar Notes are held in book-entry form through the facilities of DTC. Unless the context otherwise requires, all references herein to Holders include each person who is shown on the records of DTC as a holder of Notes. In the event of a termination of or valid withdrawal of Notes from an Offer, the Notes tendered pursuant to such Offer will be credited to the Holder through DTC.

PGF will announce its acceptance of valid tenders of Notes pursuant to the Offers and the principal amounts of Notes so accepted as soon as reasonably practicable after the Expiration Date. Notwithstanding any other provision of the Offer Documents, our obligation to accept for purchase, and to pay the Consideration for the Notes validly tendered pursuant to the Offers is subject to, and conditioned upon, the satisfaction or, where applicable, our waiver of certain conditions described in this Offer to Purchase, including the Maximum Consideration Condition. We reserve the right, in our sole discretion, to waive any one or more of the conditions at any time. See “THE OFFERS—Conditions of the Offers.”

We expressly reserve the absolute right, in our sole discretion, from time to time to purchase any Notes that remain outstanding after the expiration of the Offers through open-market or privately negotiated transactions, one or more additional tender or exchange offers or otherwise, on terms that may or may not be equal to the consideration offered in the Offers for the Notes, or to exercise any of our rights, including redemption rights, under the indentures governing the Notes. See “THE OFFERS —Certain Significant Consequences to Holders.”

Questions and requests for assistance may be directed to Global Bondholder Services Corporation, our information agent with respect to the Offers and depository with respect to the Notes (in such respective capacities, the “**Information Agent**” and the “**Depository**”) and BNP Paribas Securities Corp., Banco Bradesco BBI S.A., Citigroup Global Markets Inc., Credit Agricole Securities (USA) Inc., Mizuho Securities USA LLC and Morgan Stanley & Co. LLC (the “**Dealer Managers**”), in each case at the addresses and telephone numbers set forth on the back cover of this Offer to Purchase.

You may request additional copies of the Offer Documents from the Information Agent at the telephone numbers and addresses on the back cover of this Offer to Purchase. Beneficial owners should also contact their brokers, dealers, commercial banks, trust companies or other nominee for assistance concerning the Offers. Any Holder or beneficial owner that has questions concerning tender procedures with respect to the Notes should contact the Depository at the address and telephone number set forth on the back cover of this Offer to Purchase. Requests for assistance relating to the terms and conditions of the Offers may be directed to the Dealer Managers at the addresses and telephone numbers on the back cover page of this Offer to Purchase.

Announcements with respect to the Offers may also be obtained upon request from the Information Agent, the contact details for which are on the last page of this Offer to Purchase. Significant delays may be experienced where notices are delivered to DTC and beneficial owners of Notes are urged to contact the Information Agent for the relevant announcements during the course of the Offers. In addition, beneficial owners may contact the Dealer Managers for information using the contact details on the back cover of this Offer to Purchase.

NONE OF PGF, PETROBRAS, THE DEALER MANAGERS, THE INFORMATION AGENT OR THE DEPOSITARY MAKES ANY RECOMMENDATION IN CONNECTION WITH THE OFFERS. HOLDERS MUST MAKE THEIR OWN DECISIONS AS TO WHETHER TO TENDER NOTES, AND, IF SO, THE PRINCIPAL AMOUNT OF NOTES TO TENDER.

No dealer, salesperson or other person has been authorized to give any information or to make any representation not contained in this Offer to Purchase, and, if given or made, such information or representation may not be relied upon as having been authorized by us, the Information Agent, the Depository, the Dealer Managers or The Bank of New York Mellon, as trustee under the indentures governing the Notes (the “Trustee”).

Because only registered holders of Notes may tender Notes, beneficial owners of Notes must instruct the broker, dealer, commercial bank, trust company or other nominee that holds Notes on their behalf to tender Notes on such beneficial owners’ behalf.

Beneficial owners of Notes are advised to check with any bank, securities broker or other intermediary through which they hold Notes when such intermediary would need to receive instructions from a beneficial owner of Notes in order for that beneficial owner to be able to participate in, or withdraw their instruction to participate in, the Offers by the deadlines specified in this Offer to Purchase. The deadlines set by any such intermediary and DTC for the submission and withdrawal of tender instructions will likely be earlier than the relevant deadlines specified in this Offer to Purchase.

Tendering Holders of Notes purchased in the Offers will not be obligated to pay brokerage fees or commissions to the Dealer Managers, the Depository, the Information Agent, or the Trustee or us or to pay transfer taxes (except as indicated under “THE OFFERS—Transfer Taxes”) with respect to the purchase of their Notes. However, beneficial owners of Notes that are held through a broker, dealer, commercial bank or other nominee may be charged a fee by such nominee for tendering Notes on such beneficial owners’ behalf. We will pay all other charges and expenses in connection with the Offers.

We will permit tenders of Notes pursuant to the Guaranteed Delivery Procedures.

The Offer Documents contain important information that Holders are urged to read before any decision is made with respect to the Offers.

Petrobras, the Dealer Managers and any of their respective affiliates may tender Notes held by them for their own account in accordance with the terms of the Offers.

We will cancel any Notes acquired pursuant to the Offers, reducing the aggregate amount of Notes that otherwise might trade in the market. Therefore, the consummation of the Offers could adversely affect the liquidity and market value of the Notes that remain outstanding after we consummate the Offers.

The Trustee has not independently verified, makes no representation or warranty, express or implied, regarding, and assumes no responsibility for, the accuracy or adequacy of the information provided herein. The

Trustee will conclusively rely on the results of the Offers as reported by the Depositary and us, and the Trustee will have no liability in connection therewith.

All references to valid tender of Notes in this Offer to Purchase shall mean that such Notes have been validly tendered on or before the Expiration Date and have not been validly withdrawn or revoked prior to the Withdrawal Date or such Notes that have been validly delivered through the Guaranteed Delivery Procedures described herein.

ABOUT PETRÓLEO BRASILEIRO S.A. – PETROBRAS

Petrobras is one of the world's largest integrated oil and gas companies, engaging in a broad range of oil and gas activities. Petrobras is a partially state-owned enterprise organized and existing under the laws of Brazil. For the years ended December 31, 2020 and 2019, Petrobras had sales revenues of US\$53,683 million and US\$76,589 million, respectively, gross profit of US\$24,488 million and US\$30,857 million, respectively, and net income attributable to shareholders of Petrobras of US\$1,141 million and US\$10,151 million, respectively. In 2020, Petrobras's average domestic daily oil production was 1,546 million bbl/d, which represented 68% of Brazil's total oil production (based on production data issued by the National Petroleum, Natural Gas and Biofuels Agency).

Petrobras divides its activities into the following segments of operations:

- *Exploration and Production*: this segment covers the activities of exploration, development and production of crude oil, Natural Gas Liquids ("**NGL**") and natural gas in Brazil and abroad, for the primary purpose of supplying Petrobras's domestic refineries. Petrobras's exploration and production segment also operates through partnerships with other companies, including holding interests in non-Brazilian companies in this segment;
- *Refining, Transportation and Marketing*: this segment covers the activities of refining, logistics, transport, marketing and trading of crude oil and oil products in Brazil and abroad, exports of ethanol, petrochemical operations, such as extraction and processing of shale, as well as holding interests in petrochemical companies in Brazil; and
- *Gas and Power*: this segment covers the activities of logistics and trading of natural gas and electricity, transportation and trading of liquefied natural gas ("**LNG**"), generation of electricity by means of thermoelectric power plants, as well as holding interests in transportation and distribution companies of natural gas in Brazil and abroad. It also includes natural gas processing and fertilizer operations.

Additionally, we have a Corporate and Other Business classification that includes activities that are not attributed to the business segments, notably those related to corporate financial management, corporate overhead and other expenses, provision for the class action settlement, and actuarial expenses related to the pension and medical benefits for retired employees and their dependents. It also comprises biofuels and distribution businesses. The biofuels business covers the activities of production of biodiesel and its co-products and ethanol. The distribution business covers the equity interest in the associate Petrobras Distribuidora S.A. and the business for the distribution of oil products abroad (in Argentina, Bolivia, Colombia and Uruguay). For further information

regarding Petrobras's business segments, see Notes 13 and 33 to Petrobras's audited consolidated financial statements included in the 2020 Form 20-F incorporated by reference herein.

RECENT DEVELOPMENTS

Pending Changes in Petrobras's Senior Management and Board of Directors

The Brazilian federal government controls a majority of Petrobras's voting shares and has the right to elect a majority of the members of Petrobras's board of directors. Petrobras's board of directors, in turn, selects Petrobras's management.

On February 19, 2021, the Brazilian federal government, through the Ministry of Mines and Energy (the "MME"), issued a formal notice (*ofício*) to the chairman of Petrobras's board of directors requesting that the chairman call a general shareholders meeting for the election of directors. The notice designated Joaquim Silva e Luna to replace Roberto da Cunha Castello Branco as director, based on the Brazilian federal government's power to remove members of the board of directors. It also requested the board of directors to subsequently consider and elect Mr. Silva e Luna to replace Mr. Castello Branco as Petrobras's CEO. Media reports have suggested that the decision to replace Mr. Castello Branco was related to Petrobras's February 2021 announcement of increases in prices for diesel and gasoline products.

Under Brazilian law, the removal of a director elected by cumulative voting automatically triggers the removal of all other directors elected through the same mechanism. Mr. Castello Branco and seven other directors were elected by cumulative voting in the July 2020 general shareholders' meeting. The MME notice proposed that, at the meeting to replace Mr. Castello Branco, the other directors be re-elected for the remainder of their terms. However, five of the seven have since announced that they will not accept their nomination for the election (João Cox Neto, Nivio Ziviani, Paulo Cesar de Souza e Silva, Omar Carneiro da Cunha Sobrinho and Leonardo Pietro Antonelli).

On March 5, 2021, the Brazilian federal government, through the MME and the Ministry of Economy, designated six individuals for election to Petrobras's board of directors: Eduardo Bacellar Leal Ferreira (for Chairman of the Board), Joaquim Silva e Luna, Ruy Flaks Schneider, Márcio Andrade Weber, Murilo Marroquim de Souza and Sonia Julia Sulzbeck Villalobos.

On March 8, 2021, minority shareholders designated Leonardo Pietro Antonelli for a board position in the event that the election is conducted using cumulative voting. Under Brazilian law, the election of Petrobras's board members must be by cumulative voting if requested by holders of at least 5% of the outstanding shares. If cumulative voting is adopted, the Brazilian federal government may not be able to elect all of its designees in the general shareholders' meeting.

On March 10, 2021, the Brazilian federal government, through the MME, designated two more individuals for election to Petrobras's board of directors: Cynthia Santana Silveira and Ana Silvia Corso Matte. These additional designations completed the list of eight nominees by the Brazilian federal government.

On March 11, 2021, Petrobras's board of directors called an extraordinary shareholders' meeting, to be held on April 12, 2021, for the election of eight directors.

Continuing Uncertainty Concerning Petrobras's Senior Management and Board of Directors

The election of Petrobras's board of directors will take place at the extraordinary shareholders' meeting to be held on April 12, 2021. This meeting may provide more definition about the future of Petrobras, the composition of its board of directors and its management team. However, the situation is changing rapidly and there can be no certainty as to the outcome of that meeting, the composition of Petrobras's board of directors or its management team.

It is possible that members of Petrobras's board of directors may resign prior to the extraordinary shareholders' meeting. Petrobras's CEO is expected to depart once his removal is approved by a majority of votes at the extraordinary shareholders' meeting. It is also possible that Petrobras's CFO and other members of Petrobras's senior management may depart, whether by termination or resignation, after the extraordinary

shareholders' meeting. On March 24, 2021, four of Petrobras's executive officers, Andrea Almeida, Chief Financial and Investor Relations Officer, Carlos Alberto Pereira de Oliveira, Chief Exploration and Production Officer, André Chiarini, Chief Trading and Logistics Officer, and Rudimar Andreis Lorenzatto, Chief Production Development Officer, informed Petrobras's board of directors that they do not intend to renew their respective terms in such positions. Although their terms expired on March 20, 2021, they will continue to serve until their successors are appointed, in accordance with Brazilian law. On March 24, 2021, Petrobras's board of directors approved the appointment of Salvador Dahan as Petrobras's new Chief Governance and Compliance Officer, to be effective following completion of all internal processes. If there are vacancies on the board of directors or in senior management, it is possible that such positions will not be filled promptly.

Potential Changes to Petrobras's Strategic Plan and Petrobras's Pricing Policies

Petrobras's Strategic Plan consists of Petrobras's continuous evaluation of the business environment and the implementation of Petrobras's strategies, allowing for adjustments to be made in a more efficient way. The recent developments described above, including any changes to Petrobras's board of directors and management team, may affect not only Petrobras's ability to implement its Strategic Plan, but whether that Strategic Plan remains in place, as well as the direction of any subsequent strategic plans, including decisions related to the management of Petrobras's operations and investments.

Petrobras's current pricing policy in Brazil takes into account domestic market conditions and seeks to align the price of oil products with international prices. Specifically, diesel oil, gasoline, LPG, jet fuel, fuel oil and other minor product prices are defined taking into account the international import parity price, margins to remunerate the risks inherent in Petrobras's operations and the level of market share.

In 2021, Petrobras raised fuel prices according to international price parity as global oil prices surged. Although Petrobras announced increases in fuel prices in early March, on March 24, 2021, Petrobras announced that it would decrease wholesale diesel prices by 4.2% and wholesale gasoline prices by 4.4%, effective on March 25, 2021. The Brazilian federal government has recently made statements regarding the need to modify and adjust Petrobras's pricing policy for domestic conditions.

In February 2021, the Brazilian federal government announced, for a two-month period, changes in state fuel taxes, and in March 2021, announced that it would eliminate federal taxes on diesel fuel (for two months) and residential liquefied petroleum gas.

In view of the statements made by the Brazilian President and the recent developments described above, the new CEO, the new management team or the new board of directors may propose changes to Petrobras's pricing policies, including a decision that such policies will not seek for alignment with international price parity. Changes to Petrobras's fuel pricing policy could have a material adverse effect on Petrobras's business and prospects, results of operations and financial condition, which could in turn adversely affect the value of PGF's securities.

SOURCES AND AMOUNT OF FUNDS

We intend to finance the purchase of the Notes tendered and accepted for purchase, and to pay all fees and expenses therewith, with available cash on hand.

THE OFFERS

General

PGF is offering to purchase for cash any and all of its outstanding Notes upon the terms and subject to the conditions set forth, and for the Consideration described, in this Offer to Purchase.

The aggregate principal amount outstanding of each series of Notes subject to the Offers as of the date hereof is as listed on the cover of this Offer to Purchase.

The consummation of an Offer is not conditioned on the consummation of the other Offers. Each Offer is independent of the other Offers, and the Company may withdraw or modify any Offer without withdrawing or modifying other Offers.

Determination of the Consideration

Upon the terms and subject to the conditions set forth in the Offer Documents, holders who (i) validly tender their Notes on or prior to the Expiration Date or (ii) deliver a properly completed and duly executed Notice of Guaranteed Delivery and all other required documents at or prior to the Expiration Date and tender their Notes at or prior to the Guaranteed Delivery Date, and whose Notes are accepted for purchase by us, will receive the applicable Consideration determined in the manner described in this Offer to Purchase for each US\$1,000 principal amount of such Notes. The Consideration for Notes of a given series will be paid in cash in the currency in which that series is denominated.

The Consideration for each series of Notes will be calculated on the Price Determination Date in accordance with standard market practice, as described below, using the Offer Yield, which will be equal to the sum of:

- (i) the yield to the applicable maturity date or par call date, as applicable (the “**Reference Yield**”), as calculated by the Dealer Managers, that equates to the bid-side price of the Reference U.S. Treasury Security specified on the front cover page of this Offer to Purchase for such series of Notes appearing at 11:00 a.m. (New York City time) on the Price Determination Date on the Bloomberg reference page specified on the front cover page of this Offer to Purchase for such series of Notes (or any other recognized quotation source selected by the Dealer Managers in their sole discretion if such quotation report is not available or manifestly erroneous) *plus*
- (ii) the fixed spread specified on the front cover page of this Offer to Purchase for such series of Notes.

Accordingly, the Consideration payable by us for each US\$1,000 principal amount of each series of Notes will equal:

- (i) the present value on the Settlement Date of US\$1,000 principal amount of such Notes due on the applicable maturity date or par call date, as applicable, of such Notes and all scheduled interest payments on such principal amount of Notes to be made from (but excluding) the Settlement Date up to and including such maturity date or par call date, as applicable, discounted to the Settlement Date in accordance with standard market practice as described by the formula set forth in Annex 2 to this Offer to Purchase, at a discount rate equal to the applicable Offer Yield, *minus*
- (ii) the Accrued Coupon Payment per US\$1,000 principal amount of such Notes.

If the Consideration determined is less than US\$1,000 per US\$1,000 principal amount of the Notes of a series based on a present value calculation determined based on a par call date, then the Consideration will be based on the applicable maturity date and not the par call date for such Notes.

Settlement Date

For Notes that have (i) been validly tendered (and not validly withdrawn) prior to the Expiration Date and that are accepted for purchase, or (ii) been the subject of a valid guaranteed delivery notice prior to the Expiration Date and have been validly delivered on or prior to the Guaranteed Delivery Date pursuant to the Guaranteed Delivery Procedures and that are accepted for purchase, settlement will occur on the Settlement Date, subject to all conditions to the Offers having been satisfied or, where possible, waived by us.

Holders whose Notes are purchased in the Offers will receive Accrued Interest, payable on the Settlement Date. No tenders of Notes (including pursuant to a guaranteed delivery notice) will be valid if submitted after the Expiration Date, or not delivered prior to the Guaranteed Delivery Date, if tendered using the Guaranteed Delivery Procedures. In the event of termination of the Offers on or prior to the Expiration Date, the Notes tendered pursuant to the Offers will be promptly returned to the tendering Holders.

PGF will calculate the Consideration and the Accrued Interest payable to Holders whose Notes are accepted for purchase. Such calculations will be final and binding on all Holders whose Notes are accepted for purchase, absent manifest error. Under no circumstances will any interest be payable because of any delay in the transmission of funds to Notes Holders by the Depositary or DTC.

PGF will announce its acceptance of valid tenders of Notes pursuant to the Offers and the principal amount of such Notes so accepted as soon as reasonably practicable after Expiration Date; subject to the satisfaction or waiver of the conditions described in this Offer to Purchase.

Conditions of the Offers

The Offers are not contingent upon the tender of any minimum principal amount of Notes. The consummation of an Offer is not conditioned on the consummation of the other Offers. Each Offer is independent of the other Offers, and the Company may withdraw or modify any Offer without withdrawing or modifying other Offers.

Notwithstanding any other provision of the Offer Documents, we will not be obligated to (i) accept for purchase any validly tendered Notes or (ii) pay any cash amounts or complete the Offers unless each of the following conditions is satisfied or waived by us on or prior to the Expiration Date:

- (1) There shall not have occurred and be continuing after the date of this Offer to Purchase and up to and including the Expiration Date:
 - any instituted, threatened or pending legal or administrative proceeding or investigation that could, in our reasonable judgment, adversely affect our ability to close one or more of the Offers;
 - any event that, in our reasonable judgment, adversely affects our business or our ability to consummate one or more of the Offers or to realize the contemplated benefits from one or more of the Offers;
 - the enactment of any law, rule or court order that prohibits or materially delays one or more of the Offers or that places material restrictions on one or more of the Offers;
 - the Trustee objects to the terms of the Offers, or the Trustee takes any other action that could, in our reasonable judgment, adversely affect the consummation of one or more of the Offers;
 - any suspension of trading in securities in the financial or capital markets of the United Kingdom, U.S. or Brazil;
 - any material change in the trading price of any of the Notes or the market for any of the Notes;

- any moratorium or other suspension or limitation that, in our reasonable judgment, will affect the ability of banks to extend credit or receive payments; or
- the commencement or escalation of a war or armed hostilities involving the United Kingdom, U.S. or Brazil; and

(2) the Maximum Consideration Condition.

Maximum Consideration Condition

Our obligation to complete an Offer with respect to a particular series of Notes validly tendered is conditioned on the aggregate Consideration for the Offers, excluding the Accrued Interest with respect to each series (the “**Aggregate Consideration**”), not exceeding US\$3.5 billion (the “**Maximum Consideration**”), and on the Maximum Consideration being sufficient to pay the Aggregate Consideration for all validly tendered Notes of such series (after paying the Aggregate Consideration for all validly tendered Notes that have a higher Acceptance Priority Level (as defined below) (the “**Maximum Consideration Condition**”).

If the Maximum Consideration Condition is not satisfied with respect to each series of Notes for (i) a series of Notes (the “**First Non-Covered Notes**”) for which the Maximum Consideration is less than the sum of (x) the Aggregate Consideration for all validly tendered First Non-Covered Notes and (y) the Aggregate Consideration for all validly tendered Notes of all series, having a higher acceptance priority level as set forth on the cover of this Offer to Purchase (the “**Acceptance Priority Level**”) (with 1 being the highest Acceptance Priority Level and 12 being the lowest Acceptance Priority Level) than the First Non-Covered Notes, and (ii) all series of Notes with an Acceptance Priority Level lower than the First Non-Covered Notes (together with the First Non-Covered Notes, the “**Non-Covered Notes**”), then we may, at any time at or prior to the Expiration Date:

- terminate an Offer with respect to one or more series of Non-Covered Notes for which the Maximum Consideration Condition has not been satisfied, and promptly return all validly tendered Notes of such series, and of any series of Non-Covered Notes, to the respective tendering Holders; or
- waive the Maximum Consideration Condition with respect to one or more series of Non-Covered Notes and accept all Notes of such series, and of any series of Notes having a higher Acceptance Priority Level, validly tendered; or
- if there is any series of Non-Covered Notes for which:
 - the Aggregate Consideration necessary to purchase all validly tendered Notes of such series, *plus*
 - the Aggregate Consideration necessary to purchase all validly tendered Notes of all series having a higher Acceptance Priority Level than such series of Notes, other than any Non-Covered Notes, are equal to, or less than, the Maximum Consideration, accept all validly tendered Notes of all series having a lower Acceptance Priority Level, until there is no series of Notes with a higher or lower Acceptance Priority Level to be considered for purchase for which the conditions set forth above are met.

It is possible that a series of Notes with a particular Acceptance Priority Level will fail to meet the conditions set forth above and therefore will not be accepted for purchase even if one or more series with a higher or lower Acceptance Priority Level is accepted for purchase. If any series of Notes is accepted for purchase under the Offers, all Notes of that series that are validly tendered will be accepted for purchase.

For purposes of determining whether the Maximum Consideration Condition is satisfied, we will assume that all Notes tendered pursuant to the Guaranteed Delivery Procedures will be duly delivered at or prior to the Guaranteed Delivery Date and we will not subsequently adjust the acceptance of the Notes in accordance with the

Acceptance Priority Levels if any such Notes are not so delivered. We reserve the right, subject to applicable law, to waive the Maximum Consideration Condition with respect to any Offer.

The conditions described above are solely for our benefit and may be asserted by PGF regardless of the circumstances giving rise to any such condition. We reserve the right, in our sole discretion, to waive any one or more of the conditions at any time. Our failure at any time to exercise any of our rights will not be deemed a waiver of any other right, and each right will be deemed an ongoing right which may be asserted at any time and from time to time.

Certain Significant Consequences to Holders

In deciding whether to participate in the Offers, each Holder should consider carefully, in addition to the other information contained in this Offer to Purchase and incorporated by reference in, the following:

Limited Trading Market for the Notes

To the extent that Notes of a particular series are tendered and accepted in the Offers, the trading market for the Notes of the series will likely become further limited. A bid for a debt security with a smaller outstanding principal amount available for trading (a smaller “float”) may be lower than a bid for a comparable debt security with a greater float. Therefore, the market price for, and liquidity of, Notes not tendered may be affected adversely to the extent that the principal amount of the Notes purchased pursuant to the Offers reduces the float. The reduced float may also tend to make the trading price more volatile. Holders of unpurchased Notes may attempt to obtain quotations for their Notes from their brokers. However, there can be no assurance that an active trading market will exist for the Notes following consummation of the Offers. The extent of the public market for the Notes following consummation of the Offers will depend upon a number of factors, including the size of the float, the number of Holders remaining at such time and their interest in trading the Notes, and the interest in maintaining a market in the Notes on the part of securities firms.

Restrictions on Transfer of Notes Tendered

When considering whether to participate in the Offers, Holders of Notes should take into account that restrictions on the transfer at DTC of Notes will apply beginning at the time of submission of an Agent’s Message. A Holder of Notes will, on submitting an Agent’s Message through DTC, agree that its Notes will be unable to be transferred through DTC from the date the relevant Agent’s Message is submitted until the earlier of (i) the time of settlement on the Settlement Date and (ii) the date of any termination of the relevant Offers or on which the tender of Notes is withdrawn.

Consideration for the Notes May Not Reflect Their Fair Value

The consideration offered to purchase the Notes does not reflect any independent valuation of such Notes. We have not obtained or requested a fairness opinion from any banking or other firm as to the fairness of the consideration offered for the Notes. If you tender your Notes, you may or may not receive more than, or as much value as, if you choose to keep them.

The Offers are subject to the Maximum Consideration Condition

If there is any series of Notes having a lower Acceptance Priority Level for which (i) the Aggregate Consideration necessary to purchase all validly tendered Notes of such series, *plus* (ii) the Aggregate Consideration necessary to purchase all validly tendered Notes of all series having a higher Acceptance Priority Level than such series of Notes, other than any Non-Covered Notes, are equal to, or less than, the Maximum Consideration, then we may accept all validly tendered Notes of all series having a lower Acceptance Priority Level, until there is no series of Notes with a higher or lower Acceptance Priority Level to be considered for purchase for which such conditions are met. As a result, it is possible that a series of Notes with a particular Acceptance Priority Level will not be accepted for purchase even if one or more series with a higher or lower Acceptance Priority Level is accepted for purchase.

Other Actions Affecting Notes

Whether or not the Offers are consummated, PGF or its affiliates may from time to time following the expiration of the Offers take any of the following actions:

- acquire Notes, other than pursuant to the Offers, through open-market purchases, privately negotiated transactions, other tender offers, exchange offers or otherwise, upon such terms and at such prices as they may determine, which may be more or less than the prices to be paid pursuant to the Offers and could be for cash or other consideration;
- redeem the Notes pursuant to the terms thereof; or
- effect a defeasance of the Notes if PGF, among other things, irrevocably deposits funds or certain governmental securities in trust, in accordance with the terms of the indenture, sufficient to pay the principal of and interest on the outstanding Notes to maturity and subject to certain other conditions.

The effect of any of these actions may directly or indirectly affect the price of any Notes that remain outstanding after the consummation of the Offers.

Authorized Denominations

Notes of a given series may be tendered only in principal amounts equal to the authorized denominations of such series of Notes. The minimum denomination of each series of U.S. Dollar Notes is US\$2,000 and integral multiples of US\$1,000 in excess thereof. If you tender less than all of your Notes of a given series, the Notes of that series that you retain must also be in an authorized denomination.

Procedures for Tendering U.S. Dollar Notes

How to Tender U.S. Dollar Notes; Book-Entry Delivery of U.S. Dollar Notes; Tender through ATOP

The Depository will establish accounts with respect to the U.S. Dollar Notes at DTC. The Depository and DTC have confirmed that the Offers are eligible for DTC's Automated Tender Offer Program ("ATOP"), whereby a financial institution that is a participant in DTC's system may tender U.S. Dollar Notes by making a book-entry delivery of U.S. Dollar Notes by causing DTC to transfer U.S. Dollar Notes into an ATOP account.

To effectively tender U.S. Dollar Notes, DTC participants should transmit their acceptance through ATOP, and DTC will then edit and verify the acceptance and send an Agent's Message to the Depository for its acceptance. The term "Agent's Message" means a message, transmitted by DTC to, and received by, the Depository and forming a part of a book-entry confirmation, which states that DTC has received an express acknowledgment from the tendering participant stating that such participant has accepted the relevant Offer and agrees to be bound by the terms, conditions and provisions of such Offer (if applicable). Any documents in physical form must be sent to the Depository at one of its addresses set forth on the back cover page of this Offer to Purchase.

You are advised to check with any bank, securities broker or other intermediary through which you hold U.S. Dollar Notes whether such intermediary would require to receive instructions to participate in, or revoke their instruction to participate in, the Offers before the deadlines specified in this Offer to Purchase. Delivery of such instructions to such intermediary does not constitute delivery to the Depository.

The delivery and surrender of the U.S. Dollar Notes is not effective, and the risk of loss of the U.S. Dollar Notes does not pass to the Depository, until receipt by the Depository of a properly transmitted Agent's Message together with all accompanying evidences of authority and any other required documents in a form satisfactory to PGF. The method of delivery of the U.S. Dollar Notes and all other required documents, including delivery through DTC and acceptance of an Agent's Message transmitted through ATOP, is at the option and risk of the tendering Holder.

There will be no letter of transmittal for the Offers. There will be no proration calculation associated with the Offers.

Representations, Warranties and Undertakings; PGF's Acceptance Constitutes an Agreement

By tendering your U.S. Dollar Notes through DTC and an Agent's Message through ATOP, you will be agreeing with, acknowledging, representing, warranting and undertaking to us, the Depository and the Dealer Managers substantially the following (if you or your broker dealer are unable to give these agreements, acknowledgements, representations, warranties and undertakings, you should contact the Dealer Managers or the Depository immediately):

- (1) You irrevocably constitute and appoint the Depository as your true and lawful agent and attorney-in-fact (with full knowledge that the Depository also acts as our agent) with respect to such U.S. Dollar Notes, with full powers of substitution and revocation (such power of attorney being deemed to be an irrevocable power coupled with an interest) to (i) present such U.S. Dollar Notes and all evidences of transfer and authenticity to, or transfer ownership of, such U.S. Dollar Notes on the account books maintained by DTC to, or upon the order of, PGF, (ii) present such U.S. Dollar Notes for transfer of ownership on the books of PGF, and (iii) receive all benefits and otherwise exercise all rights of beneficial ownership of such U.S. Dollar Notes, subject to obligation to hold all proceeds for the benefit of the beneficial holder, all in accordance with the terms and conditions of the Offers.
- (2) You understand that tenders of U.S. Dollar Notes may be withdrawn by written notice of withdrawal received by the Depository at any time prior to the Withdrawal Date. In the event of a termination of the Offer, the U.S. Dollar Notes tendered pursuant to such Offer will be credited to the account maintained at DTC from which such U.S. Dollar Notes were delivered.
- (3) You understand that tenders of U.S. Dollar Notes pursuant to any of the procedures described in this Offer to Purchase and acceptance of such U.S. Dollar Notes by PGF will constitute a binding agreement between you and PGF upon the terms and subject to the conditions of this Offer to Purchase. For purposes of the Offer, you understand that validly tendered U.S. Dollar Notes (or defectively tendered U.S. Dollar Notes with respect to which PGF has or has caused to be waived such defect) will be deemed to have been accepted by PGF if, as and when PGF gives oral or written notice thereof to the Depository.
- (4) You have full power and authority to tender, sell, assign and transfer the U.S. Dollar Notes tendered and that when such tendered U.S. Dollar Notes are accepted for purchase and payment by PGF, PGF will acquire good title thereto, free and clear of all liens, restrictions, charges and encumbrances and not subject to any adverse claim or right and together with all rights attached thereto. You will, upon request, execute and deliver any additional documents deemed by the Depository or by PGF to be necessary or desirable to complete the sale, assignment, transfer and cancellation (if any) of the U.S. Dollar Notes tendered or to evidence such power and authority.
- (5) You have received the Offer to Purchase, and have reviewed and accepted the offer and distribution restrictions, terms, conditions, risk factors and other considerations of the Offers, all as described in this Offer to Purchase, and have undertaken an appropriate analysis of the implications of such Offers without reliance on us, the Dealer Managers, the Depository or the Information Agent. All authority conferred or agreed to be conferred shall not be affected by, and shall survive, your death or incapacity, and any obligation of you hereunder shall be binding upon your heirs, executors, administrators, trustees in bankruptcy, personal and legal representatives, successors and assigns.
- (6) You understand that PGF will pay the applicable Accrued Interest from, and including, the last interest payment date for the relevant U.S. Dollar Notes up to, but not including, the Settlement Date with respect to such U.S. Dollar Notes accepted for purchase.

- (7) You recognize that under certain circumstances set forth in this Offer to Purchase, PGF may terminate or amend the Offer (if applicable) or may postpone the acceptance for payment of, or the payment for, U.S. Dollar Notes tendered or may not be required to purchase any of the U.S. Dollar Notes tendered.
- (8) You are not a person to whom it is unlawful to make an invitation pursuant to the Offers under applicable securities laws.
- (9) You understand that the delivery and surrender of any U.S. Dollar Notes is not effective, and the risk of loss of the Notes does not pass to the Depository, until receipt by the Depository of an Agent's Message properly completed and duly executed, together with all accompanying evidences of authority and any other required documents in form satisfactory to PGF. All questions as to form of all documents and the validity (including time of receipt) and acceptance of tenders and withdrawals of U.S. Dollar Notes will be determined by PGF, in its sole discretion, which determination shall be final and binding.
- (10) You request that any U.S. Dollar Notes representing principal amounts not tendered or not accepted for purchase be issued in the name of, and delivered by credit to, the account of DTC who will credit the account of the participant from which such U.S. Dollar Notes were received.
- (11) You have observed (and will observe) the laws of all relevant jurisdictions, obtained all requisite governmental, exchange control or other required consents, complied with all requisite formalities and paid (or will pay) any issue, transfer or other taxes or requisite payments due from you in each respect in connection with any offer or acceptance, in any jurisdiction and that you have not taken or omitted to take any action in breach of the representations or which will or may result in PGF or any other person acting in breach of the legal or regulatory requirements of any such jurisdiction in connection with the Offer or tender of U.S. Dollar Notes in connection therewith.
- (12) You acknowledge that none of PGF, Petrobras, the Dealer Managers, the Information Agent, the Depository or the Trustee is making any recommendation as to whether or not you should tender U.S. Dollar Notes in response to the Offers.
- (13) You are outside the Republic of France or, if you are located in the Republic of France, you are a qualified investor or acting directly for the account of a qualified investor (as defined in article L.411-2 of the French Code *monétaire et financier* and Decree No. 98-888 dated 1 October 1998).

For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("EUWA"); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 and any rules or regulations made thereunder to implement

Your custodian or nominee, by delivering, or causing to be delivered, the U.S. Dollar Notes and the completed Agent’s Message to the Depository is representing and warranting that you, as owner of the U.S. Dollar Notes, have represented, warranted and agreed to each of the above. If you are unable to give the foregoing representations, warranties and undertakings, you should contact the Dealer Managers or the Depository.

Our acceptance for payment of U.S. Dollar Notes tendered under the Offers will constitute a binding agreement between you and us upon the terms and conditions of the Offers described in the Offer Documents.

Guaranteed Delivery Procedures for Offers

If any Holder desires to tender its Notes pursuant to the Offers and (1) such Holder cannot comply with the procedures for the submission of a valid Agent’s Message at or prior to the Expiration Date or (2) such Holder cannot deliver the other required documents to the Depository at or prior to the Expiration Date, then such Holder may tender its Notes by arranging for the Direct Participant through which it holds its Notes to comply with the following procedures (the “**Guaranteed Delivery Procedures**”):

- at or prior to the Expiration Date, the Depository must receive from the relevant Direct Participant a properly completed and duly executed Notice of Guaranteed Delivery, by facsimile transmission, e-mail, mail or hand delivery that (1) sets forth the name and address of the Direct Participant tendering Notes on behalf of the relevant Holder and the aggregate principal amount of Notes being tendered (2) represents that the relevant Holder owns such Notes and that the tender is being made thereby, and (3) guarantees that the Direct Participant will procure that an Agent’s Message is submitted to the Depository via DTC, by no later than the Guaranteed Delivery Date and otherwise pursuant to the relevant procedures set out above; and
- at or prior to the Guaranteed Delivery Date, the Depository must receive from the relevant Direct Participant, via DTC, an Agent’s Message submitted pursuant to the relevant procedures set out above and resulting in the blocking of the relevant Notes in the Holder’s account with DTC so that no transfers may be effected in relation to such Notes.

Holders who wish to tender their Notes pursuant to the Guaranteed Delivery Procedures should contact their brokers or the Depository and Information Agent.

The settlement of Notes delivered and accepted for purchase pursuant to the Guaranteed Delivery Procedures will occur on the Settlement Date.

The Notice of Guaranteed Delivery should be transmitted through ATOP in accordance with the usual procedures of DTC and the Tender Agent. If the ATOP procedures are used, the DTC participant need not complete and physically deliver the Notice of Guaranteed Delivery. However, the DTC participant will be bound by the terms of the Offer. Failure to do so could result in a financial loss to such Direct Participant. Holders who wish to use the Guaranteed Delivery Procedures may obtain the relevant form of Notice of Guaranteed Delivery by contacting the Depository, which is substantially in the form of Annex 1 to this Offer to Purchase. If DTC's ATOP procedures are used, the DTC participant need not complete and physically deliver the Notice of Guaranteed Delivery Form to the Depository. However, you will be bound by the terms of this Offer to Purchase and the Notice of Guaranteed Delivery.

Tender instructions in respect of Notes that are the subject of a Notice of Guaranteed Delivery must be received by the Depository by no later than the Guaranteed Delivery Date. Accrued Interest will cease to accrue on the Settlement Date for all Notes accepted for purchase pursuant to the Offers, including those for which the guaranteed delivery procedures set out above are used, and under no circumstances will any additional interest be paid by PGF after the Settlement Date by reason of any delay arising from the use of the guaranteed delivery procedures.

Notes may be tendered pursuant to the Guaranteed Delivery Procedures only in authorized denominations. No alternative, condition or contingent tenders will be accepted.

Expiration Date; Extensions; Amendments; Termination

The Expiration Date is 5:00 p.m., New York City Time, on April 7, 2021, unless extended with respect to an Offer, in which case the Expiration Date with respect to such Offer will be such date to which the Expiration Date is extended.

PGF, in its sole discretion, may amend the terms of the Offers for any series of Notes. In addition, PGF, in its sole discretion, may extend the Expiration Date for the Offers, as applicable, for any purpose, including to permit the satisfaction or, where possible, waiver of the conditions to the Offers. To extend the Expiration Date, PGF will notify the Depository and will make a public announcement thereof before 9:00 a.m., New York City time, on the next Business Day after the previously scheduled Expiration Date. Such announcement will state that PGF is extending the relevant term for a specified period.

All references to the Expiration Date in this Offer to Purchase are to the Expiration Date with respect to the Offers, as may be extended or terminated. PGF expressly reserves the right to extend the Expiration Date with respect to the Offers.

PGF expressly reserves the right, subject to applicable law, to:

- delay accepting the Notes or extend the Expiration Date or, if the conditions to the Offers are not satisfied, terminate such Offers at any time and not accept the Notes; and
- if the conditions to the Offers are not satisfied, amend or modify at any time, the terms of the Offers in any respect, including by waiving, where possible, any conditions to consummation of the Offers.

If PGF exercises any such right, PGF will give written notice thereof to the Depository and will make a public announcement thereof as promptly as practicable and, in the case of a termination, all Notes tendered pursuant to the terminated Offers and not accepted for payment will be returned promptly to the tendering Holders thereof.

The consummation of an Offer is not conditioned on the consummation of the other Offers. Each Offer is independent of the other Offers, and the Company may withdraw or modify any Offer without withdrawing or

modifying other Offers. The minimum period during which the Offers will remain open following material changes in the terms of the Offers or in the information concerning the Offers will depend upon the facts and circumstances of such change, including the materiality of the changes. If any of the terms of the Offers are amended in a manner determined by PGF to constitute a material change adversely affecting any Holder, PGF will (i) promptly disclose any such amendment in a manner reasonably calculated to inform Holders of such amendment, (ii) extend the Offers for a period that PGF deems appropriate, subject to applicable law, depending upon the significance of the amendment and the manner of disclosure to Holders, if the Offers would otherwise expire during such period, and (iii) extend withdrawal rights for a period that PGF deems appropriate to allow tendering Holders a reasonable opportunity to respond to such amendment.

Transfer Taxes

PGF will pay all transfer taxes applicable to the purchase and transfer of Notes pursuant to this Offer to Purchase, except if the payment of the Consideration is being made to, or if Notes that are not tendered or not purchased in the Offers are to be registered or issued in the name of, any person other than the Holder of the Notes, the Direct Participant in whose name the Notes are held on DTC, or if a transfer tax is imposed for any reason other than the purchase of Notes under the Offers, then the amount of any such transfer tax (whether imposed on the Holder or any other person) will be payable by the tendering Holder. If satisfactory evidence of payment of that tax or exemption from payment is not submitted, then the amount of that transfer tax will be deducted from the Consideration otherwise payable to the tendering Holder.

Acceptance of Notes for Purchase; Payment for Notes

Upon the terms and subject to the conditions of the Offers, PGF will notify the Depository promptly after the Expiration Date of which Notes are accepted for purchase and payment pursuant to the Offers. For purposes of the Offers, PGF will be deemed to have accepted for purchase validly tendered Notes (or defectively tendered Notes with respect to which PGF has waived such defect) if, as and when PGF gives oral (promptly confirmed in writing) or written notice thereof to the Depository, as the case may be. With respect to tendered Notes that are to be returned to Holders, such Notes will be credited to the account maintained at DTC promptly following the Consideration or the termination of the Offers.

Upon the terms and subject to the conditions of the Offers, PGF will accept for purchase, and pay for, Notes validly tendered pursuant to the Offers and not validly withdrawn upon the satisfaction or, where possible, waiver of the conditions specified under “—Conditions of the Offers.” PGF will promptly pay for all Notes accepted for purchase. In all cases, payment for Notes accepted for purchase pursuant to the Offers will be made only after confirmation of the book-entry transfer thereof to the account of the Depository.

PGF will pay for Notes accepted for purchase pursuant to the Offers by depositing such payment in cash with DTC, which will act as the agent for the tendering Holders for the purpose of receiving payment for Notes. Upon the terms and subject to the conditions of the Offers, delivery to DTC of such payment with respect to the purchased Notes will be made on the Settlement Date.

If, for any reason (including if PGF chooses to do so), acceptance for purchase of, or payment for, validly tendered Notes pursuant to the Offers is delayed, or PGF is unable to accept for purchase or to pay for validly tendered Notes pursuant to the Offers, then the Depository may, nevertheless, on behalf of PGF, retain the tendered Notes (which may not then be withdrawn), without prejudice to the rights of PGF as described under “—Expiration Date; Extensions; Amendments; Termination” and “—Conditions of the Offers” above and “—Withdrawal of Tenders” below, but subject to Rule 14e-1 under the Exchange Act, which requires that PGF pay the applicable consideration offered or return the Notes tendered promptly after the termination or withdrawal of the Offers.

If any tendered Notes are not accepted for payment for any reason pursuant to the terms and conditions of the Offer Documents, such Notes will be credited to the account maintained at DTC. PGF may transfer or assign, in whole or from time to time in part, to one or more of its affiliates or any third party the right to purchase all or any of the Notes tendered pursuant to the Offers, but any such transfer or assignment will not relieve PGF of its obligations

under the Offers and will in no way prejudice the rights of tendering Holders to receive payment for Notes validly tendered and not validly withdrawn and accepted for payment pursuant to the Offers.

PGF reserves the right to arrange for alternate settlement mechanisms if we are required to do so for legal reasons.

Withdrawal of Tenders

Tenders of Notes may be validly withdrawn or revoked on or prior to the Withdrawal Date but may not be validly withdrawn or revoked after such time. In the event of termination of any of the Offers, the Notes tendered pursuant to such Offer will be promptly returned to the tendering Holders.

For a withdrawal of tendered U.S. Dollars Notes to be effective, a properly transmitted “Request Message” through ATOP must be received by the Depository prior to the applicable Withdrawal Date, at its address set forth on the back cover page of this Offer to Purchase. Any such notice of withdrawal must:

- specify the name of the participant in the book-entry transfer facility whose name appears on the security position listing as the owner of such U.S. Dollars Notes;
- contain the description of the aggregate principal amount represented by such U.S. Dollars Notes; and
- specify the name and number of the account at the book-entry transfer facility to be credited with withdrawn U.S. Dollars Notes.

If the U.S. Dollars Notes to be withdrawn have been delivered or otherwise identified to the Depository, notice of withdrawal is effective immediately upon receipt by the Depository of the “Request Message” through ATOP.

Withdrawal of Notes may only be accomplished in accordance with the foregoing procedures.

Any permitted withdrawal of Notes may not be rescinded. Any Notes validly withdrawn will thereafter be deemed not validly tendered for purposes of the Offers; *provided, however*, that withdrawn Notes may be re-tendered by again following one of the appropriate procedures described herein at any time prior to the Expiration Date.

Other Matters

Tendering Holders of Notes purchased in the Offers will not be obligated to pay brokerage fees or commissions to the Dealer Managers, the Depository, the Information Agent, the Trustee, Petrobras or PGF or to pay transfer taxes (except as indicated above in “—Transfer Taxes”) with respect to the purchase of their Notes. However, beneficial owners of Notes that are held through a broker, dealer, commercial bank or other nominee may be charged a fee by such nominee for tendering Notes on such beneficial owners’ behalf. PGF will pay all other charges and expenses in connection with the Offers.

All questions as to the form of documents and validity, eligibility (including time of receipt), acceptance for payment and any withdrawal of tendered Notes will be determined by PGF in its sole discretion, and its determination will be final and binding on all Holders. PGF reserves the absolute right to reject any and all tenders of Notes that it determines are not in proper form or for which the acceptance for payment or payment may, in the opinion of its counsel, be unlawful. PGF also reserves the absolute right, in its sole discretion, subject to applicable law, to waive or amend any of the Conditions of the Offers or any defect or irregularity in the tender or withdrawal of Notes of any particular Holder, whether or not similar conditions, defects or irregularities are waived in the case of other Holders.

PGF’s interpretation of the terms and Conditions of the Offers will be final and binding on all Holders. Any defect or irregularity in connection with tenders of Notes must be cured within such time as PGF determines,

unless waived by PGF. Tenders of Notes will not be deemed to have been made until all defects or irregularities have been waived by PGF or cured. None of PGF, Petrobras, the Dealer Managers, the Depositary, the Information Agent or any other person will be under any duty to give notification of any defects or irregularities in tenders or will incur any liability for failure to give any such notification.

There are no appraisal or other similar statutory rights available to Holders in connection with the Offers.

We and our affiliates expressly reserve the absolute right, in our sole discretion, subject to applicable law and the indentures governing the Notes, from time to time to purchase any Notes that remain outstanding after the Expiration Date through open market purchases or privately negotiated transactions (including, one or more additional tender or exchange offers) or otherwise, on terms that may be more or less favorable to Holders of Notes than the terms of this Offer to Purchase. Any future purchases or redemptions by us or our affiliates will depend on various factors existing at that time. There can be no assurance as to which, if any, of these alternatives (or combinations thereof) we or our affiliates will choose to pursue in the future.

CERTAIN U.S. FEDERAL INCOME TAX CONSEQUENCES

The following is a summary of certain U.S. federal income tax consequences of the Offers that may be relevant to a beneficial owner of Notes that is a citizen or resident of the United States or a domestic corporation or otherwise subject to U.S. federal income tax on a net income basis in respect of the Notes (a “**U.S. Holder**”), or in certain cases to an individual or corporate beneficial owner of Notes that is not a U.S. Holder (a “**Non-U.S. Holder**”). The summary is based on laws, regulations, rulings and decisions now in effect, all of which are subject to change. The discussion does not deal with special classes of holders, such as dealers in securities or currencies, banks, financial institutions, insurance companies, tax-exempt organizations, entities classified as partnerships and the partners therein, nonresident alien individuals present in the United States for 183 days or more during the taxable year, persons holding Notes as a position in a “straddle” or conversion transaction, or as part of a “synthetic security” or other integrated financial transaction, persons that acquired or sells the Notes as part of a wash sale for tax purposes or persons that have a functional currency other than the U.S. dollar. This discussion assumes that the Notes are held as “capital assets” within the meaning of Section 1221 of the Internal Revenue Code of 1986, as amended (the “**Code**”). The discussion does not address the alternative minimum tax, the Medicare tax on net investment income or other aspects of U.S. federal income or state and local taxation that may be relevant to a holder. Accordingly, each holder should consult its own tax advisor with regard to the Offers and the application of U.S. federal income tax laws, as well as the laws of any state, local or foreign taxing jurisdictions, to its particular situation.

Sale of the Notes

Sales of Notes pursuant to the Offers by U.S. Holders will be taxable transactions for U.S. federal income tax purposes. Subject to the discussion of the market discount rules set forth below, a U.S. Holder selling Notes pursuant to the Offers generally will recognize capital gain or loss in an amount equal to the difference between the U.S. dollar value of the amount received, except for amounts received attributable to accrued and unpaid interest, which will be taxed as such, and the U.S. Holder’s adjusted tax basis in the Notes sold at the time of sale, as determined in U.S. dollars. Any such gain or loss will be long-term capital gain or loss if the U.S. Holder’s holding period for the Notes on the date of sale was more than one year. Certain non-corporate U.S. holders (including individuals) may be eligible for preferential rates of taxation in respect of long-term capital gains. The deductibility of capital losses is subject to limitations.

A U.S. Holder’s adjusted tax basis in a Note generally will equal the amount paid therefor, increased by the amount of any original issue discount or market discount previously taken into account by the U.S. Holder and reduced by any payments received by the U.S. Holder other than payments of qualified stated interest and by the amount of any amortizable bond premium previously amortized by the U.S. Holder with respect to the Notes.

In general, if a U.S. Holder acquired the Notes with market discount, any gain realized by a U.S. Holder on the sale of the Notes will be treated as foreign source ordinary income to the extent of the portion of the market discount that has accrued while the Notes were held by the U.S. Holder, unless the U.S. Holder has elected to include market discount in income currently as it accrues.

Capital gain or loss recognized by a U.S. Holder generally will be U.S.-source gain or loss. Consequently, if any such gain is subject to foreign withholding tax, a U.S. Holder may not be able to credit the tax against its U.S. federal income tax liability unless the credit can be applied (subject to the applicable limitations) against tax due on other income treated as derived from foreign sources. U.S. Holders should consult their own tax advisors as to the foreign tax credit implications of a disposition of the Notes.

A U.S. Holder who does not tender its Notes pursuant to the Offers should not recognize any gain or loss for U.S. federal income tax purposes.

Information Reporting and Backup Withholding

A U.S. Holder who tenders its Notes will be subject to information reporting requirements. Such U.S. Holder may be subject to backup withholding unless the U.S. Holder (i) is a corporation (other than an S corporation) or comes within certain other exempt categories and demonstrates this fact, or (ii) provides a correct taxpayer identification number (“**TIN**”), certifies as to no loss of exemption from backup withholding and otherwise complies with applicable requirements of the backup withholding rules. The amount of any such backup withholding will be allowed as a credit against the U.S. Holder’s federal income tax liability and may entitle the U.S. Holder to a refund, *provided that* the required information is furnished to the U.S. Internal Revenue Service (the “**IRS**”) in a timely manner.

Non-U.S. Holders

A Non-U.S. Holder generally will not be subject to U.S. federal income or withholding tax on the proceeds from the Offers, including amounts treated as accrued interest. A Non-U.S. Holder who tenders its Notes through an intermediary or paying agent in, or with certain connections to, the United States may be subject to information reporting requirements and backup withholding unless the Non-U.S. Holder has provided a properly completed IRS Form W-8BEN or W-8BEN-E or other IRS Form W-8, signed under penalties of perjury, establishing its status as a Non-U.S. Holder (or satisfies certain documentary evidence requirements for establishing that it is a Non-U.S. Holder). IRS forms may be obtained at the IRS website at www.irs.gov.

CERTAIN DUTCH TAX CONSEQUENCES

The following summary describes certain material Dutch tax consequences for a Holder of Notes in respect of the Offers, i.e. disposal of the Notes.

This section is intended as general information only, does not constitute tax or legal advice and it does not purport to describe all possible Dutch tax considerations or consequences that may be relevant to a Holder and therefore should be treated with appropriate caution. Accordingly, each Holder should consult its own tax advisor with regard to the Offers and the application of Dutch tax laws to its particular situation.

This summary is based on the laws of the Netherlands, published regulations thereunder and published authoritative case law, all as in effect on the date of this Offer to Purchase, and all of which are subject to change, or to different interpretation, possibly with retroactive effect. Where the text refers to "the Netherlands" or "Dutch" it refers only to the part of the Kingdom of the Netherlands located in Europe.

For Dutch tax purposes, a Holder of Notes may include, without limitation:

- an owner of one or more Notes who, in addition to the legal title to such Notes, has an economic interest in such Notes,
- a person who or an entity that holds the entire economic interest in one or more Notes,
- a person who or an entity that holds an interest in an entity, such as a partnership or a mutual fund, that is transparent for Dutch tax purposes, the assets of which comprise one or more Notes, and
- an individual who or an entity that does not have the legal title to the Notes, but to whom the Notes are attributed based either on such individual or entity holding an interest in the Notes or based on specific statutory provisions, including statutory provisions pursuant to which the Notes are attributed to an individual who is, or who has directly or indirectly inherited the Notes from a person who was, the settlor, grantor or similar originator of a trust, foundation or similar entity that holds the Notes.

Withholding Tax

Holders of Notes not related to PGF

All payments made pursuant to the Offers and all payments of interest and principal under the Notes made by PGF to a Holder other than Holders that are "related entities" in respect of PGF (within the meaning of the Dutch Withholding Tax Act 2021; *Wet bronbelasting 2021*) (see below) can be made free of withholding or deduction for any taxes of any nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein, unless the Notes qualify as equity of PGF for Dutch tax purposes.

Holders of Notes related to PGF

Payments of interest or amounts deemed interest made by PGF under the Notes and/or pursuant to the Offers to Holders that are related entities in respect of PGF (within the meaning of the Dutch Withholding Tax Act 2021, as defined below) may become subject to Dutch withholding tax at a rate of 25% (rate for 2021), if such related entity:

- is considered to be resident (*gevestigd*) in a jurisdiction that is listed in the yearly updated Dutch regulation on low-taxing states and non-cooperative jurisdictions for tax purposes (*Regeling laagbelastende staten en niet-coöperatieve rechtsgebieden voor belastingdoeleinden*) (a "Listed Jurisdiction"); or

- has a permanent establishment located in a Listed Jurisdiction to which the interest payment is attributable; or
- is entitled to the interest payment for the main purpose or one of the main purposes to avoid taxation for another person or entity and there is an artificial arrangement or transaction or a series of artificial arrangements or transactions; or
- is a hybrid entity (a hybrid mismatch); or
- is not resident in any jurisdiction;

all within the meaning of the Dutch Withholding Tax Act 2021.

For the fiscal year 2021, the following 23 jurisdictions are Listed Jurisdictions: American Samoa, Anguilla, Bahamas, Bahrain, Barbados, Bermuda, the British Virgin Islands, the Cayman Islands, Fiji, Guam, Guernsey, Isle of Man, Jersey, Palau, Panama, Samoa, Seychelles, Trinidad and Tobago, Turkmenistan, Turks and Caicos Islands, Vanuatu, the United Arab Emirates and the U.S. Virgin Islands.

For purposes of the Dutch Withholding Tax Act 2021, an entity is considered a “related entity” in respect of PGF if:

- such entity has a Qualifying Interest (as defined below) in PGF; or
- PGF has a Qualifying Interest in such entity; or
- a third party has a Qualifying Interest in both PGF and such entity.

The term "Qualifying Interest" means a directly or indirectly held interest – either individually or jointly as part of a collaborating group (*samenwerkende groep*) – that confers a definite influence over the entity's decisions and allows the holder of such interest to determine its activities (within the meaning of case law of the European Court of Justice on the right of freedom of establishment (*vrijheid van vestiging*)).

Dutch Individual and Corporate Income Tax

Please note that the summary in this section does not describe the Dutch tax considerations for:

- (i) Holder of Notes if such holders, and in the case of an individual, his or her partner or certain of his or her relatives by blood or marriage in the direct line (including foster children), have a substantial interest (*aanmerkelijk belang*) or deemed substantial interest (*fictief aanmerkelijk belang*) in PGF under the Dutch Income Tax Act 2001. Generally speaking, a holder of securities has a substantial interest in PGF if it has, directly or indirectly (and, in the case of an individual, alone or together with certain relatives) (i) the ownership of, a right to acquire the ownership of, or certain rights over, shares representing 5 per cent. or more of either the total issued and outstanding capital of PGF or the issued and outstanding capital of any class of shares of PGF, or (ii) the ownership of, or certain rights over, profit participating certificates (*winstbewijzen*) that relate to 5 per cent. or more of either the annual profit or the liquidation proceeds of PGF. A deemed substantial interest may arise if a substantial interest (or part thereof) has been disposed of, or is deemed to have been disposed of, on a non-recognition basis;
- (ii) pension funds, investment institutions (*fiscale beleggingsinstellingen*), exempt investment institutions (*vrijgestelde beleggingsinstellingen*) (as defined in the Dutch Corporate Income Tax Act 1969; *Wet op de vennootschapsbelasting 1969*) and other entities that are, in whole or in part, not subject to or exempt from Dutch corporate income tax; and

- (iii) Holder of Notes who are individuals and for whom the Notes or any benefit derived from the Notes are a remuneration or deemed to be a remuneration for activities performed by such holders or certain individuals related to such holders (as defined in the Dutch Income Tax Act 2001).

Dutch Resident Entities

Generally speaking, if the holder of Notes is an entity that is a resident or deemed to be resident of the Netherlands for Dutch corporate income tax purposes (a “**Dutch Resident Entity**”), any payment under the Notes or any gain or loss realized on the disposal or deemed disposal of the Notes is subject to Dutch corporate income tax at a rate of 15% with respect to taxable profits up to €245,000 and 25% with respect to taxable profits in excess of that amount (rates and brackets for 2021).

Dutch Resident Individuals

If the holder of Notes is an individual resident or deemed to be resident of the Netherlands for Dutch income tax purposes (a “**Dutch Resident Individual**”), any payment under the Notes or any gain or loss realized on the disposal or deemed disposal of the Notes is taxable at the progressive Dutch income tax rates (with a maximum of 49.5% in 2021), if:

- (i) the Notes are attributable to an enterprise from which the holder of Notes derives a share of the profit, whether as an entrepreneur (*ondernemer*) or as a person who has a co-entitlement to the net worth (*medegerechtigd tot het vermogen*) of such enterprise without being a shareholder (as defined in the Dutch Income Tax Act 2001); or
- (ii) the holder of Notes is considered to perform activities with respect to the Notes that go beyond ordinary asset management (*normaal, actief vermogensbeheer*) or derives benefits from the Notes that are taxable as benefits from other activities (*resultaat uit overige werkzaamheden*).

If the above-mentioned conditions (i) and (ii) do not apply to the individual holder of Notes, such holder will be taxed annually on a deemed return (with a maximum of 5.69% in 2021) on the individual's net investment assets (*rendementsgrondslag*) for the year, insofar the individual's net investment assets for the year exceed a statutory threshold (*heffingvrij vermogen*). The deemed return on the individual's net investment assets for the year is taxed at a rate of 31%. Actual income, gains or losses in respect of the Notes are as such not subject to Dutch income tax.

The net investment assets for the year are the fair market value of the investment assets less the allowable liabilities on January 1 of the relevant calendar year. The Notes are included as investment assets. For the net investment assets on January 1, 2021, the deemed return ranges from 1.90% up to 5.69% (depending on the aggregate amount of the net investment assets of the individual on January 1, 2021). The deemed return will be adjusted annually on the basis of historic market yields.

Non-residents of the Netherlands

A holder of Notes is not treated as a resident of the Netherlands by reason only of the holding or disposal of a Note pursuant to the Offers.

A holder who is not a resident of the Netherlands, nor deemed to be a resident, is not taxable on any gain or income recognized in respect of the sale of Notes pursuant to the Offers, except if:

- (i) such Holder derives profits from an enterprise, whether as entrepreneur (*ondernemer*) or pursuant to a co-entitlement to the net worth of the enterprise, other than as an entrepreneur or a shareholder, which enterprise is, in whole or in part, carried on through a (deemed) permanent

establishment (*vaste inrichting*) or a permanent representative (*vaste vertegenwoordiger*) that is taxable in the Netherlands, to which the Notes are attributable;

- (ii) the Holder is an individual and derives benefits from miscellaneous activities (*overige werkzaamheden*) carried out in the Netherlands in respect of the Notes, including without limitation activities which are beyond the scope of active portfolio investment activities;
- (iii) the Holder is not an individual and is entitled to a share in the profits of an enterprise or a co-entitlement to the net worth of an enterprise, which is effectively managed in the Netherlands, other than by way of securities, and to which enterprise the Notes are attributable; or
- (iv) if the Holder is an individual and is entitled to a share in the profits of an enterprise that is effectively managed in the Netherlands, other than by way of securities, and to which enterprise the Notes are attributable.

Dutch Gift and Inheritance Taxes

No Dutch gift or inheritance taxes are due in respect of any gift of Notes by, or inheritance of the Notes on the death of a holder, except if:

- (i) at the time of the gift or death of the holder, the holder is a resident, or is deemed to be a resident, of the Netherlands or the transfer is otherwise construed as a gift or inheritance made by, or on behalf of, a person who, at the time of the gift or death, is or is deemed to be a resident of the Netherlands;
- (ii) the holder dies within 180 days after the date of the gift of the Notes and is not, or not deemed to be, at the time of the gift, but is, or deemed to be, at the time of his or her death, a resident of the Netherlands; or
- (iii) the gift of the Notes is made under a condition precedent and the holder is a resident.

For purposes of Dutch gift and inheritance taxes, among others, a person that holds Dutch nationality will be deemed to be a resident of the Netherlands if such person has been resident in the Netherlands at any time during the ten years preceding the date of the gift or such person's death. Additionally, for purposes of Dutch gift tax, among others, a person not holding the Dutch nationality will be deemed to be a resident of the Netherlands if such person has been resident in the Netherlands at any time during the twelve months preceding the date of the gift.

Other Taxes and Duties

No other Dutch taxes, including value-added tax (VAT) and taxes of a documentary nature, such as capital tax, stamp or registration tax or duty, are payable by or on behalf of a Holder of the Notes in the Netherlands in respect of the mere sale of Notes pursuant to the Offers.

CERTAIN BRAZILIAN TAX CONSEQUENCES

*The following discussion is a summary of the Brazilian tax considerations relating to the tender of the Notes by an investor resident or domiciled outside of Brazil (“**Non-Brazilian holder**”). The discussion is based on the tax laws of Brazil as in effect on the date hereof and is subject to any change in the Brazilian law that may come into effect after such date as well as to the possibility that the effect of such change in the Brazilian law may retroact to reach rights created on or before the date hereof.*

The information set forth below is intended to be a general discussion only and does not address all possible tax consequences relating to an investment in the Notes. Prospective investors should consult their own tax advisers as to the consequences of purchasing the Notes, including, without limitation, the consequences of the receipt of interest and the sale, redemption or repayment of the Notes.

Taxation of interest, premium or principal payments made by PGF. As long as interest, premium (if any) or principal payments under the Notes are made by PGF, from its own funds maintained outside Brazil, no withholding taxes on payments of interest, premium (if any) or principal to the Non-Brazilian holder will be due in Brazil.

Taxation on gains realized from sale or other disposition of the Notes. Generally, capital gains generated outside Brazil as a result of a transfer of assets located outside Brazil between non-Brazilian residents are not subject to taxation in Brazil. On the other hand, capital gains derived from the transfer of assets located in Brazil between non-Brazilian residents, and between a non-Brazilian resident and a Brazilian resident, are subject to income tax, according to Law No. 10,833, enacted on December 29, 2003. Given that PGF is an entity incorporated under the laws of the Netherlands and is not registered to transact business in Brazil, it would not qualify as a Brazilian resident for purposes of the Brazilian tax legislation, and thus the Notes should not fall within the definition of assets located in Brazil for purposes of Law No. 10,833. However, considering the general and unclear scope of this legislation and the absence of judicial guidance in respect thereof, we cannot assure that such interpretation of this law will prevail in the courts of Brazil. If the income tax is deemed to be due, the gains may be subject to income tax in Brazil, effective as from January 1, 2017 (as confirmed by Declaratory Act No. 3, of April 27, 2016), at progressive rates as follows: (i) 15% for the part of the gain that does not exceed R\$5 million, (ii) 17.5% for the part of the gain that exceeds R\$5 million but does not exceed R\$10 million, (iii) 20% for the part of the gain that exceeds R\$10 million but does not exceed R\$30 million and (iv) 22.5% for the part of the gain that exceeds R\$30 million; or 25.0% if such Non-Resident holder is located in a Low or Nil Tax Jurisdiction. A lower rate, however, may apply under an applicable tax treaty between Brazil and the country where the Non-Resident holder has its domicile.

*Taxation of foreign exchange transactions (“**IOF/Exchange**”).* As long as interest, premium (if any) or principal payments under the Notes are made by PGF, with its own funds maintained outside Brazil, no IOF/Exchange should be due in Brazil. As a general rule, exchange transactions carried out under remittances from Brazil to foreign countries are subject to the IOF/Exchange assessment at a rate of 0.38%.

Other Brazilian taxes. Generally, there are no inheritance, gift, succession, stamp or other similar taxes in Brazil with respect to the ownership, transfer, assignment or any other disposition of the Notes by a Non-Brazilian holder.

DEALER MANAGERS, INFORMATION AGENT AND DEPOSITARY

PGF has retained BNP Paribas Securities Corp., Banco Bradesco BBI S.A., Citigroup Global Markets Inc., Credit Agricole Securities (USA) Inc., Mizuho Securities USA LLC and Morgan Stanley & Co. LLC to act as Dealer Managers on behalf of PGF in connection with the Offers. PGF has agreed to pay the Dealer Managers a customary fee in connection therewith. PGF has also agreed to reimburse the Dealer Managers for reasonable out-of-pocket expenses incurred in connection with the Offers, including reasonable fees and disbursements of counsel, and to indemnify the Dealer Managers against certain liabilities arising in connection with the Offers, including liabilities under the federal securities laws.

PGF has retained Global Bondholder Services Corporation to act as Information Agent in connection with the Offers. The Information Agent will assist Holders that request assistance in connection with the Offers, and may request that brokers, dealers and other nominee Holders forward materials relating to the Offers to beneficial owners. PGF has agreed to pay the Information Agent a customary fee for such service. PGF has also agreed to reimburse the Information Agent for its reasonable out-of-pocket expenses and to indemnify the Information Agent against certain liabilities in connection with the Offers, including liabilities arising under the federal securities laws.

Global Bondholder Services Corporation has also been appointed as Depositary for the Offers with respect to the Offers. All correspondence in connection with the Offers should be sent or delivered by each Holder or a beneficial owner's broker, dealer, commercial bank, trust company or other nominee to the Depositary at the address and telephone number set forth on the back cover page of this Offer to Purchase. Any Holder or beneficial owner that has questions concerning tender procedures with respect to the Offers should contact the Depositary at the address and telephone number set forth on the back cover of this Offer to Purchase.

Affiliates of the Dealer Managers are lenders and arrangers under certain of our debt facilities, and have acted, or will act, as underwriters in certain of our offerings. The Dealer Managers and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us or our affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions. In addition, in the ordinary course of their business activities, the Dealer Managers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. In addition, the Dealer Managers may tender Notes into the Offers for their own accounts. Certain of the Dealer Managers or their affiliates that have a lending relationship with us routinely hedge their credit exposure to us consistent with their customary risk management policies. Typically, such Dealer Managers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the Notes subject to the Offers. Any such short positions could affect trading prices of the Notes. The Dealer Managers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

None of the Dealer Managers, the Information Agent or the Depositary assumes any responsibility for the accuracy or completeness of the information concerning Petrobras or PGF contained or incorporated by reference in this Offer to Purchase or for any failure by the Company to disclose events that may have occurred and may affect the significance or accuracy of such information.

NONE OF PGF, PETROBRAS, THE DEALER MANAGERS, THE INFORMATION AGENT, THE DEPOSITARY OR THE TRUSTEE WITH RESPECT TO THE NOTES OR ANY OF THEIR RESPECTIVE AFFILIATES IS MAKING ANY RECOMMENDATION AS TO WHETHER HOLDERS SHOULD TENDER ANY NOTES IN RESPONSE TO THE OFFERS. HOLDERS MUST MAKE THEIR OWN DECISION AS TO WHETHER TO TENDER ANY OF THEIR NOTES AND, IF SO, THE PRINCIPAL AMOUNT OF NOTES TO TENDER.

At any given time and in compliance with applicable laws and regulations, the Dealer Managers or their affiliates may trade the Notes or our other securities for their accounts or for the accounts of their customers and, accordingly, may hold a long or short position in the Notes.

OTHER MATTERS

The Offers are not being made to (nor will tenders of Notes be accepted from or on behalf of) Holders of Notes in any jurisdiction in which the making or acceptance of the Offers would not be in compliance with the laws of such jurisdiction. If PGF becomes aware of any jurisdiction in which the making of the Offers or the tender of Notes would not be in compliance with applicable law, PGF may, in its sole discretion, make an effort to comply with any such law. If, after such effort, PGF cannot comply with any such law, the Offers (if applicable) will not be made to the Holder of Notes residing in such jurisdiction.

Notes of a given series may be tendered only in principal amounts equal to the authorized denominations of such series of Notes. The minimum denomination of each series of U.S. Dollar Notes is US\$2,000 and integral multiples of US\$1,000 in excess thereof (such minimum denominations, “Authorized Denominations”). No alternative, conditional or contingent tenders will be accepted. Holders who tender less than all their Notes must continue to hold Notes in Authorized Denominations.

If any Holder desires to tender its Notes pursuant to the Offers and (1) such Holder cannot comply with the procedures for the submission of a valid tender instruction at or prior to the Expiration Date or (2) such Holder cannot deliver the other required documents to the Depositary at or prior to the Expiration Date, then such Holder may tender its Notes according to the Guaranteed Delivery Procedures described in the Offer to Purchase. To comply with the Guaranteed Delivery Procedures, the Holder must, at or prior to the Expiration Date, arrange for the Depositary and Information Agent to receive from the relevant Direct Participant a properly completed and duly executed Notice of Guaranteed Delivery, by facsimile transmission, e-mail, mail or hand delivery; and at or prior to the Guaranteed Delivery Date, arrange for the Depositary and Information Agent to receive from the relevant Direct Participant, via DTC, a tender instruction submitted pursuant to the relevant procedures set out in the Offer to Purchase and resulting in the blocking of the relevant Notes in the Holder’s account with DTC so that no transfers may be effected in relation to such Notes.

Holders who wish to tender their Notes pursuant to the Guaranteed Delivery Procedures should contact their brokers or the Depositary and Information Agent.

The settlement of any Notes delivered and accepted for purchase pursuant to the Guaranteed Delivery Procedures will occur on the Settlement Date, concurrently with the settlement of Notes tendered prior to the Expiration Date and accepted for purchase.

The Notice of Guaranteed Delivery should be transmitted through ATOP in accordance with the usual procedures of DTC and the Tender Agent. If the ATOP procedures are used, the DTC participant need not complete and physically deliver the Notice of Guaranteed Delivery. However, the DTC participant will be bound by the terms of the Offer. Failure to do so could result in a financial loss to such Direct Participant. Foreign Holders that want to tender using a guaranteed delivery process should contact their brokers, or the Depositary and Information Agent.

FORMULA TO CALCULATE THE CONSIDERATION FOR EACH SERIES OF NOTES

- YLD = The Offer Yield, expressed as a decimal number.
- CPN = The contractual annual rate of interest payable on a Note, expressed as a decimal number.
- N = The number of scheduled semi-annual interest payments, from (but excluding) the Settlement Date to (and including) the maturity date or par call date, as applicable.
- S = The number of days from and including the semi-annual interest payment date immediately preceding the applicable Settlement Date. The number of days is computed using the 30/360 day-count method.
- / = Divide. The term immediately to the left of the division symbol is divided by the term immediately to the right of the division symbol before any addition or subtraction operations are performed.
- Exp = Exponentiate. The term to the left of “exp” is raised to the power indicated by the term to the right of “exp.”
- $\sum_{k=1}^N$ = Summate. The term in the brackets to the right of the summation symbol is separately calculated “N” times (substituting for “k” in that term each whole number shown between 1 and N, inclusive, except that in the case of a par call date, N need not be a whole number), and the separate calculations are then added together.
- Consideration = The price per each US\$1,000 principal amount of each series of Notes being priced (excluding accrued interest). A tendering Holder will receive a total of US\$1,000 principal amount (rounded to the nearest cent) equal to the applicable Consideration plus Accrued Interest. If the Consideration determined is less than US\$1,000 per US\$1,000 principal amount of the Notes of a series based on a present value calculation determined based on a par call date, then the Consideration will be based on the applicable maturity date and not the par call date for such Notes.

$$\begin{aligned}
 \text{Consideration} = & \left[\frac{\$1,000}{\left(1 + \frac{YLD}{2}\right)^{\exp\left(N - \frac{S}{180}\right)}} \right] \\
 & + \sum_{k=1}^N \left[\frac{\$1,000 \left(\frac{CPN}{2}\right)}{\left(1 + \frac{YLD}{2}\right)^{\exp\left(k - \frac{S}{180}\right)}} \right] - \$1,000 \left(\frac{CPN}{2}\right) \left(\frac{S}{180}\right)
