IMPORTANT INFORMATION

The Tender Offers are being made upon the terms and subject to the conditions set forth in this Offer to Purchase (as it may be amended or supplemented from time to time, the “**Offer to Purchase**”).

This Offer to Purchase contains important information that Holders are urged to read before any decision is made with respect to the Tender Offers.

Any questions regarding procedures for tendering Notes or requests for additional copies of this Offer to Purchase and the Notice of Guaranteed Delivery should be directed to the information agents (as defined below), as applicable. Copies of the Offer to Purchase and the Notice of Guaranteed Delivery are available for Holders of Notes at the following web addresses, as applicable: <http://www.gbsc-usa.com/abi> (for the USD Tender Offers) and www.lucid-is.com/ab-inbev (for the EUR Tender Offers).

Each Offeror hereby separately invites Holders of the Notes issued by such Offeror and listed on the front cover page of this Offer to Purchase to tender for cash, upon the terms and subject to the conditions set forth in this Offer to Purchase, any and all of their Notes set forth in the table on the front cover hereof pursuant to six separate tender offers, all as described below under “Description of the Tender Offers.”

Each offer to purchase a series of Notes is considered a separate offer to purchase. As such, we refer to each offer to purchase a series of USD Notes as a “**USD Tender Offer**”, each offer to purchase a series of EUR Notes as a “**EUR Tender Offer**” and collectively as the “**Tender Offers**.” Subject to applicable law and limitations described elsewhere in this Offer to Purchase, each Tender Offer may be amended, extended or terminated (whether or not because of a failure of a condition to be satisfied or waived prior to the applicable Expiration Date) individually.

Each Offeror reserves the right to transfer or assign, in whole or from time to time in part, to one or more of its affiliates or any third party, the right to purchase all or any of the Notes validly tendered, and not validly withdrawn, pursuant to a Tender Offer, or to pay all or any portion of the applicable Tender Consideration and the applicable Accrued Coupon Payment for such Notes, or all of the foregoing, but any such transfer or assignment will not relieve such Offeror of its obligations under such Tender Offer and will in no way prejudice the rights of tendering Holders to receive payment for Notes validly tendered and not validly withdrawn and accepted for purchase pursuant to such Tender Offer or to receive the applicable Tender Consideration and applicable Accrued Coupon Payment for Notes validly tendered and accepted for purchase pursuant to such Tender Offer.

Notes Subject to the Tender Offers

Tender Consideration

The table on the front cover of this Offer to Purchase sets forth material pricing terms for each Tender Offer.

Upon the terms and subject to the conditions set forth in this Offer to Purchase, Holders who (i) validly tender and who do not validly withdraw Notes at or prior to the Expiration Date or (ii) deliver a properly completed Notice of Guaranteed Delivery at or prior to the Expiration Date and tender their Notes at or prior to the Guaranteed Delivery Date pursuant to the Guaranteed Delivery Procedures, subject in each case to the tender in the applicable Minimum Authorized Denominations, and whose Notes are accepted for purchase by the Offerors, will receive the applicable Tender Consideration.

The Tender Consideration payable for each series of Fixed Rate Notes will be a price per \$1,000 or €1,000 principal amount of such series of Fixed Rate Notes, as applicable, that is validly tendered, and not validly withdrawn, and accepted for purchase (and subject to the applicable Minimum Authorized Denominations) equal to an amount, calculated in accordance with the respective formulas described in Schedules A-1 (for the USD Fixed Rate Notes) or A-2 (for the EUR Fixed Rate Notes) attached hereto, as applicable, that would reflect, as of the Settlement Date, a yield to the par call date or maturity date, as applicable, of such series of Fixed Rate Notes equal

to the sum of (i) the Reference Yield for such series, determined at the Price Determination Time plus (ii) the Fixed Spread for such series, in each case minus the Accrued Coupon Payment.

The Tender Consideration for each \$1,000 or €1,000 principal amount of Floating Rate Notes, as applicable, that is validly tendered, and not validly withdrawn, and accepted for purchase (and subject to the applicable Minimum Authorized Denominations) will be as set forth in the table below:

Title of Notes	Issuer and Offeror	Tender Consideration
Floating Rate Notes due 2024	ABIWW	\$1,015.00
Floating Rate Notes due 2024	AB InBev	€1,007.50

USD Notes of a given series may be tendered only in principal amounts equal to the minimum denomination of \$1,000 (the “**USD Minimum Authorized Denominations**”) and integral multiples of \$1,000 in excess thereof. With respect to the EUR Notes, the EUR Floating Rate Notes may be tendered only in principal amounts equal to the minimum denomination of €100,000 (the “**EUR Floating Rate Notes Minimum Authorized Denominations**”) and integral multiples of €1,000 in excess thereof, while the EUR Fixed Rate Notes may be tendered only in principal amounts equal to the minimum denomination of €1,000 (the “**EUR Fixed Rate Notes Minimum Authorized Denominations**”), and together with the EUR Floating Rate Notes Minimum Authorized Denominations, the “**EUR Minimum Authorized Denominations**”, which together with the USD Minimum Authorized Denomination, are the “**Minimum Authorized Denominations**”) and integral multiples of €1,000 in excess thereof.

We will reject any amount not in conformance with such required Minimum Authorized Denominations. Holders of USD Notes who tender less than all of their Notes must continue to hold such Notes in the applicable Minimum Authorized Denomination.

Accrued Coupon Payment

In addition to the applicable Tender Consideration, Holders whose Notes are accepted for purchase will be paid the Accrued Coupon Payment. Interest will cease to accrue on the Settlement Date for all Notes accepted in the Tender Offers, including those tendered through the Guaranteed Delivery Procedures. No further interest will be paid to the Holders who tender such Notes, including if a record date for an interest payment on such Notes has passed before the Settlement Date.

General

The “**Settlement Date**” with respect to any Tender Offer will promptly follow the Expiration Date and is expected to be September 17, 2020, which is the third business day after the Expiration Date, unless extended with respect to such Tender Offer.

Unless the context indicates otherwise, all references to a valid tender of Notes in this Offer to Purchase shall mean that such Notes have either (i) been validly tendered, at or prior to the Expiration Date and such tender or delivery has not been validly withdrawn at or prior to the Expiration Date or (ii) a Notice of Guaranteed Delivery in respect of such Notes has been validly delivered at or prior to the Expiration Date and such Notes have been tendered at or prior to 5:00 p.m., New York City time, on the second business day after the applicable Expiration Date (the “**Guaranteed Delivery Date**”).

Withdrawal Rights

Notes tendered in the Tender Offers may be validly withdrawn at any time on or prior to the Expiration Date, but thereafter will be irrevocable, except in certain limited circumstances where an Offeror determines that additional withdrawal rights are required by law. Tenders submitted in the Tender Offers after the Expiration Date will be irrevocable except where an Offeror determines that additional withdrawal rights are required by law. See “Description of the Tender Offers—Withdrawal of Tenders.”

Tender Offer Conditions

Our obligation to accept Notes of any series tendered in the Tender Offers is subject to certain customary conditions discussed under “Description of the Tender Offers—Conditions to the Tender Offers,” including the condition that we will not be obligated to consummate the Tender Offers upon the occurrence of an event or events (or our determination that such event is or events are likely to occur) that would or might reasonably be expected to prohibit, restrict or delay the consummation of the Tender Offers or materially impair the contemplated benefits to us of the Tender Offers. We expressly reserve the right, at any time or at various times, to waive any of the conditions of any or all of the Tender Offers, in whole or in part, and we may terminate any or all of the Tender Offers at any time.

Compliance with “Short Tendering” Rule

It is a violation of Rule 14e-4 promulgated under the U.S. Securities Exchange Act of 1934, as amended (the “**Exchange Act**”) for a person, directly or indirectly, to tender Notes for such person’s own account unless the person so tendering (i) has a net long position equal to or greater than the aggregate principal amount of the securities being tendered and (ii) will cause such securities to be delivered in accordance with the terms of the Tender Offers. Rule 14e-4 provides a similar restriction applicable to the tender or guarantee of a tender on behalf of another person.

A tender of Notes (and acceptance by the Offerors) in response to any Tender Offer under any of the procedures described below will constitute a binding agreement between the Holder and the relevant Offeror with respect to such Tender Offer upon the terms and subject to the conditions of such Tender Offer, including the Holder’s acceptance of the terms and conditions of such Tender Offer, as well as the Holder’s representation and warranty that (i) such Holder has a net long position in the Notes being tendered pursuant to such Tender Offer within the meaning of Rule 14e-4 under the Exchange Act and (ii) the tender of such Notes complies with Rule 14e-4.

None of us, the Guarantors, the Dealer Managers, the tender agents, the information agents, the trustee with respect to the USD Notes (the “Trustee”), or any other person is making any recommendation as to whether or not you should tender your Notes for cash. You must make your own decision whether to tender your Notes in a Tender Offer, and, if so, the amount of your Notes to tender.

This Offer to Purchase incorporates important business and financial information from reports AB InBev files with the U.S. Securities and Exchange Commission (the “**SEC**”). This incorporated information is not printed in or attached to this Offer to Purchase. This Offer to Purchase explains how you can find this information in “Where You Can Find More Information.” We urge you to review this Offer to Purchase, together with the incorporated information, carefully.

RISK FACTORS

You should carefully consider, among other things, the matters discussed under “Risk Factors” in AB InBev’s Annual Report on Form 20-F for the fiscal year ended December 31, 2019 and “Covid-19 Risk Factors” in Exhibit 99.1 to AB InBev’s Current Report on Form 6-K filed with the SEC on May 8, 2020, as well as the other information incorporated by reference in this Offer to Purchase. The risks and uncertainties described below and in AB InBev’s Annual Report are not the only risks and uncertainties we face. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also impair our business operations. If any of the aforementioned risks actually occur, our business, financial condition and results of operations could suffer. The risks discussed below also include forward-looking statements and our actual results may differ substantially from those discussed in these forward-looking statements. See “Cautionary Statement Regarding Forward-Looking Statements.”

Considerations applicable to all Tender Offers

We are making no recommendation in connection with the Tender Offers.

None of us, the Guarantors, the Dealer Managers, the tender agents, the information agents or the Trustee makes any recommendation in connection with the Tender Offers. You should determine whether to tender Notes based upon your own assessment of market value, liquidity needs and investment objectives.

You should consult your own tax, accounting, financial and legal advisers regarding the consequences (tax, accounting or otherwise) of participating in the Tender Offers. None of us, the Guarantors, the Dealer Managers, the tender agents, the information agents, the Trustee, or any director, officer, employee, agent or affiliate of any such person, is acting for you, or will be responsible to you for providing any protections which would be afforded to its clients or for providing advice in relation to the Tender Offers.

The liquidity of any trading market that currently exists for the Notes may be adversely affected by the Tender Offers, and holders of Notes who fail to participate in the Tender Offers may find it more difficult to sell their Notes after the Tender Offers are completed.

To the extent that Notes of any series eligible for the Tender Offers are traded, prices for such Notes may fluctuate greatly depending on the trading volume and the balance between buy and sell orders. To the extent that Notes of any series are tendered and accepted for purchase pursuant to the Tender Offers, the trading markets for the remaining Notes of such series will become more limited or may cease to exist altogether. A debt security with a small outstanding aggregate principal amount or “float” may command a lower price than would a comparable debt security with a larger float. Therefore, the market price for the untendered Notes of the applicable series may be adversely affected. The reduced float may also make the trading prices of the remaining Notes of the applicable series more volatile.

The Tender Offers may be cancelled or delayed.

The consummation of the Tender Offers is subject to, and conditional upon, the satisfaction or waiver of the conditions discussed under “Description of the Tender Offers—Conditions to the Tender Offers.” We may, at our option and in our sole discretion, waive any such conditions for any of the Tender Offers. Even if the Tender Offers are completed, the Tender Offers may not be completed on the schedule described in this Offer to Purchase. Accordingly, holders participating in the Tender Offers may have to wait longer than expected to receive their cash payment during which time those holders of the Notes will not be able to effect transfers of their Notes tendered for purchase.

Your tender of Notes may not be accepted if the applicable procedures for the Tender Offers are not followed.

We will pay for your tendered Notes only if you tender your Notes in accordance with the procedures described herein and your Notes are accepted for purchase pursuant to the applicable Tender Offer. If you are a tendering holder of USD Notes, you must submit, or arrange for the submission of, an electronic transmittal through DTC’s ATOP on or prior to the Expiration Date or tender your Notes at or prior to the Guaranteed Delivery Date pursuant to the Guaranteed Delivery Procedures. If you are a tendering holder of EUR Notes, you must deliver to the EUR tender agent, or arrange for the delivery of via Euroclear or Clearstream, Luxembourg and in accordance with the requirements of such clearing system, a valid EUR Tender Instruction or a Notice of Guaranteed Delivery on or prior to the Expiration Date and if you delivered a Notice of Guaranteed Delivery, submit a valid EUR Tender Instruction at or prior to the Guaranteed Delivery Date pursuant to the Guaranteed Delivery Procedures. See

“Description of the Tender Offers—Procedures for Tendering Notes” for a description of the procedures to be followed to tender your Notes.

You should allow sufficient time to ensure timely completion of the applicable tender procedures. None of us, the Dealer Managers, the information agents, the tender agents or any other person is under any duty to give notification of defects or irregularities with respect to the tenders of the Notes for purchase.

Failure to complete any of the Tender Offers successfully could negatively affect the prices of the applicable Notes.

Several conditions must be satisfied or waived in order to complete each of the Tender Offers, including that there shall not have occurred or be reasonably likely to occur any material adverse change to our business, operations, properties, condition, assets, liabilities, prospects or financial affairs. The conditions to any or all of the Tender Offers may not be satisfied, and if not satisfied or waived, such Tender Offer or Tender Offers may not occur or may be delayed. If a Tender Offer is not completed or is delayed, the respective market prices of any or all of the series of Notes subject to such Tender Offer may decline to the extent that the respective current market prices reflect an assumption that such Tender Offer has been or will be completed.

We may repurchase any Notes that are not tendered in the Tender Offers on terms that are more favorable to the holders of the Notes than the terms of the Tender Offers.

After the Settlement Date of the Tender Offers, we or any of our affiliates may, to the extent permitted by applicable law, acquire some or all of the Notes that are not tendered and accepted in the Tender Offers, whether through open market purchases, privately negotiated transactions, tender offers, exchange offers, redemption or otherwise, in each case, upon such terms and at such prices as we may determine, which with respect to any series of Notes may be more or less favorable to holders than the terms of the applicable Tender Offer. There can be no assurance as to which, if any, of these alternatives or combinations thereof we or our affiliates may choose to pursue in the future.

Non-compliance with the Offer and Distribution Restrictions could result in, among other things, the unwinding of trades and/or heavy penalties.

The Tender Offers are subject to certain offer and distribution restrictions set forth in “Offer and Distribution Restrictions” and the acknowledgements, representations, warranties and undertakings set forth in “Procedures for Tendering”, which Holders will be deemed to make on tendering Notes in a Tender Offer. Non-compliance with these could result in, among other things, the unwinding of trades and/or heavy penalties.

Volatility of Tender Consideration for the Fixed Rate Notes until the Price Determination Time

Because the applicable Tender Consideration for the Fixed Rate Notes is based on a fixed spread pricing formula linked to the applicable Reference Yield, the actual amount of cash that may be received by a tendering Holder pursuant to a Tender Offer will be affected by changes in such Reference Yield during the term of the Tender Offers before the applicable Price Determination Time. The price of the Reference Security or Interpolated Rate, as applicable, may fluctuate significantly between the date of this Offer to Purchase and the applicable Price Determination Time. For example, if the yield to maturity of any Reference Security (calculated as described below in “Description of the Tender Offers—Tender Consideration” with respect to any applicable Fixed Rate Notes being tendered in any Tender Offer is higher at such Price Determination Time than such yield to maturity was at the time such Fixed Rate Notes were tendered, the applicable Tender Consideration for such Fixed Rate Notes would be less than any estimate of such Tender Consideration calculated as of the time such Fixed Rate Notes were tendered.

Considerations applicable only to EUR Tender Offers

Blocking of Notes.

When considering whether to tender EUR Notes in a EUR Tender Offer, Holders should take into account that restrictions on the transfer of the relevant EUR Notes will apply from the time of such tender. Holders will, on tendering EUR Notes in a EUR Tender Offer, agree that the relevant EUR Notes will be blocked in the relevant account at Euroclear or Clearstream, Luxembourg from the date that the tender of such EUR Notes is made until the earlier of (a) the date on which the tender of the relevant EUR Notes is withdrawn in accordance with the terms of the relevant EUR Tender Offer and (b) the time of settlement on the Settlement Date.

Notes held in the NBB-SSS.

Holders holding EUR Notes directly in the NBB-SSS or through a direct participant of the NBB-SSS (other than Euroclear or Clearstream, Luxembourg) must, in order to be eligible to participate in a EUR Tender Offer in the manner specified in this Offer to Purchase, (i) arrange for the EUR Notes which they wish to tender to be transferred to an account in either Euroclear or Clearstream, Luxembourg, and (ii) maintain, or where relevant, procure, access to an account in either of the clearing systems through which such EUR Notes can be traded, and to which both the applicable Tender Consideration and the applicable Accrued Coupon Payment may be credited by the EUR Offeror.

Holders of EUR Notes who do not have access to an account, as described above, in either Euroclear or Clearstream, Luxembourg (either directly or through a direct participant or other intermediary), or who do not transfer the EUR Notes which they wish to tender to a direct participant in either clearing system, will not be able to submit a EUR Tender Instruction to the EUR tender agent and will not be eligible to participate in the EUR Tender Offers in the manner specified in this Offer to Purchase.

Any Holder who (i) holds its EUR Notes directly, or through a direct participant of the NBB-SSS, in an “N account” within the NBB-SSS, (ii) is not eligible, in accordance with Article 4 of the Belgian Royal Decree of 26 May 1994, to hold its EUR Notes (directly or indirectly) in an “X account” within the NBB-SSS, and who is therefore unable to transfer the relevant EUR Notes to an account in Euroclear or Clearstream, Luxembourg and (iii) who is eligible to view this Offer to Purchase and make an investment decision with respect to the EUR Tender Offers, may contact the EUR tender agent for further information, using the contact details set out on the last page of this Offer to Purchase.

Minimum Denominations of the EUR Floating Rate Notes.

The EUR Floating Rate Notes have denominations consisting of a minimum specified denomination of EUR 100,000 and integral multiples of EUR 1,000 above such minimum specified denomination. A Holder whose EUR Floating Rate Notes are accepted for purchase pursuant to the relevant EUR Tender Offer and who, following purchase of the relevant EUR Floating Rate Notes on the Settlement Date, continues to hold in its account with Euroclear or Clearstream, Luxembourg, as applicable, further EUR Floating Rate Notes in an aggregate principal amount outstanding of less than EUR 100,000, would need to purchase an aggregate principal amount of EUR Floating Rate Notes such that its holding amounts to at least EUR 100,000 before the EUR Floating Rate Notes it continues to hold may be traded in Euroclear or Clearstream, Luxembourg, as applicable.

DESCRIPTION OF THE TENDER OFFERS

Purpose of the Tender Offers

The primary purpose of the Tender Offers is to reduce gross debt.

General

Each Offeror hereby separately invites all Holders of the Notes issued by such Offeror and listed on the front cover page of this Offer to Purchase to tender, upon the terms and subject to the conditions set forth in this Offer to Purchase, any and all of their Notes pursuant to the Tender Offers.

As of the date of this Offer to Purchase, the combined aggregate principal amount of USD Notes outstanding was \$1,748,686,000 and the combined aggregate principal amount of EUR Notes outstanding was €4,750,000,000.

The consummation of each Tender Offer for a series of Notes is conditioned upon, among other conditions, the timely satisfaction or waiver of all conditions precedent to the consummation of the related Tender Offer with respect to such series of Notes. See “Description of the Tender Offers—Conditions to the Tender Offers.”

Tender Consideration

Upon the terms and subject to the conditions set forth in this Offer to Purchase, Holders who (i) validly tender and who do not validly withdraw Notes at or prior to the Expiration Date or (ii) deliver a properly completed Notice of Guaranteed Delivery at or prior to the Expiration Date and tender their Notes at or prior to the Guaranteed Delivery Date pursuant to the Guaranteed Delivery Procedures, subject in each case to the tender in the applicable Minimum Authorized Denominations, and whose Notes are accepted for purchase by us, will receive the applicable Tender Consideration described below.

The consideration paid to Holders will be the Tender Consideration plus an amount equal to the Accrued Coupon Payment per \$1,000 or €1,000 principal amount of Notes validly tendered, and not validly withdrawn, and accepted for purchase pursuant to the Tender Offers rounded to the nearest \$0.01 or €0.01.

The Dealer Managers will calculate the Tender Offer Yield (as defined below), the Tender Consideration and Accrued Coupon Payment on behalf of the Offerors as set forth in the formulas described in Schedules A-1 (for the USD Fixed Rate Notes) and A-2 (for the EUR Fixed Rate Notes), as applicable, and their calculation will be final and binding, absent manifest error.

The relevant Offeror will publicly announce the Tender Consideration for the Fixed Rate Notes promptly after the Price Determination Time. Because the Tender Consideration for the Fixed Rate Notes is based on a fixed spread pricing formula linked to the Reference Yield, the actual amount of cash that may be received by a tendering Holder of the Fixed Rate Notes pursuant to the applicable Tender Offer will be affected by changes in such Reference Yield during the term of the Tender Offers before the Price Determination Time. Prior to the Price Determination Time, Holders of Fixed Rate Notes may obtain hypothetical quotes of the Tender Offer Yield and Tender Consideration (collected as of a then-recent time) by contacting the Dealer Managers at the telephone numbers on the back cover of this Offer to Purchase. After the Price Determination Time, when the Tender Consideration will no longer be linked to Reference Yield, the actual amount of cash that may be received by a tendering Holder of the Fixed Rate Notes pursuant to the Tender Offers will be known and Holders of Fixed Rate Notes will be able to ascertain the Tender Consideration in the manner described below.

Fixed Rate Notes

The Tender Consideration payable for each series of Fixed Rate Notes will be a price for each \$1,000 or €1,000 principal amount of such series of Fixed Rate Notes, as applicable, equal to an amount in the currency in which the applicable Fixed Rate Notes are denominated, calculated in accordance with the respective formulas described in Schedules A-1 (for the USD Fixed Rate Notes) and A-2 (for the EUR Fixed Rate Notes), as applicable, that would reflect, as of the Settlement Date, a yield to the par call date or maturity date, as applicable, of such series of Fixed Rate Notes equal to the sum of (i) the Reference Yield for such series of Fixed Rate Notes at the Price Determination Time, *plus* (ii) the Fixed Spread for such series of Fixed Rate Notes (such sum, the “**Tender Offer Yield**”), minus the Accrued Coupon Payment. For the avoidance of doubt, the Tender Consideration payable for

each series of EUR Fixed Rate Notes will be calculated to reflect, as of the Settlement Date, a yield to the applicable maturity date of such series of EUR Fixed Rate Notes.

The Reference Yield will be calculated in accordance with standard market practice and will correspond to:

- for the USD Fixed Rate Notes, the bid-side price of the applicable Reference Security as displayed on the applicable Reference Page; and
- for the EUR Fixed Rate Notes, the applicable Interpolated Rate,

in each case as of the applicable Price Determination Time. The Price Determination Time will be 10:00 a.m., New York City time, for all USD Fixed Rate Notes, or 3:00 p.m., London time, for all EUR Fixed Rate Notes, on the Expiration Date.

If the Dealer Managers determine that any Reference Page is not operational or is displaying inaccurate information at that time, the mid-market or bid-side price of the applicable Reference Security or the bid and offered swap rates for EUR swap transactions, determined at or around the Price Determination Time shall be determined by such other means as the applicable Offeror, in consultation with the Dealer Managers, may consider to be appropriate under the circumstances.

With respect to the Par Call Notes, if the Tender Offer Yield as determined in accordance with this Offer to Purchase is less than the contractual annual rate of interest for the Par Call Notes, then the Tender Consideration will be calculated based on the par call date; if the Tender Offer Yield as determined in accordance with this Offer to Purchase is higher than or equal to the contractual annual rate of interest for the Par Call Notes, then the Tender Consideration for the Par Call Notes will be calculated based on the maturity date.

With respect to the 2.875% Notes due 2024:

- “Interpolated Rate” means the rate, expressed as a percentage and rounded to the nearest 0.001% (with 0.0005 being rounded upwards), as determined by the Dealer Managers at the Price Determination Time, calculated by means of linear interpolation of the 4 Year Mid-Swap Rate and the 5 Year Mid-Swap Rate as follows (the “**September 2024 Interpolated Swap Rate**”): by (a) subtracting the 4 Year Mid-Swap Rate from the 5 Year Mid-Swap Rate and multiplying the result of such subtraction by the September 2024 Weight (and rounding the result of such multiplication to the nearest 0.001%), and (b) adding the 4 Year Mid-Swap Rate to the final result of (a).
- “September 2024 Weight” means, the amount, expressed as a fraction, calculated by dividing the actual number of days from (and including) the date falling exactly 4 years after the Settlement Date to (but excluding) the maturity date of the 2.875% Notes due 2024 Notes by 365.

With respect to the 1.500% Notes due 2025:

- “Interpolated Rate” means the rate, expressed as a percentage and rounded to the nearest 0.001% (with 0.0005 being rounded upwards), as determined by the Dealer Managers at the Price Determination Time, calculated by means of linear interpolation of the 4 Year Mid-Swap Rate and the 5 Year Mid-Swap Rate as follows (the “**March 2025 Interpolated Swap Rate**”): by (a) subtracting the 4 Year Mid-Swap Rate from the 5 Year Mid-Swap Rate and multiplying the result of such subtraction by the March 2025 Weight (and rounding the result of such multiplication to the nearest 0.001%), and (b) adding the 4 Year Mid-Swap Rate to the final result of (a).
- “March 2025 Weight” means, the amount, expressed as a fraction, calculated by dividing the actual number of days from (and including) the date falling exactly 4 years after the Settlement Date to (but excluding) the maturity date of the 1.500% Notes due 2025 by 365.

For each series of EUR Fixed Rate Notes, the “Mid-Swap Rate” for any maturity means the mid-market arithmetic mean, expressed as a percentage and rounded to the nearest 0.001% of the bid and offered swap rates for EUR swap transactions having such maturity, as reported on the Bloomberg ICAE1 Page (or, if such screen is unavailable or manifestly erroneous, a generally recognized source for swap rate quotations selected by the Dealer Managers), as determined by the Dealer Managers at the Price Determination Time.

If any of the terms of any Tender Offer are amended in a manner determined by an Offeror to constitute a material change adversely affecting any Holder, such Offeror will extend the Tender Offer by at least three business days, if the Tender Offer would otherwise expire during such period. The Offerors will announce any such change in a press release issued at least three business days prior to the Expiration Date and prior to 10:00 a.m., New York City time, on the first day of such three-business day period.

Procedures for Tendering Notes

USD Notes

Holders that need assistance with respect to the procedures for participating in the USD Tender Offers should contact the USD tender agent, Global Bondholder Services Corporation, the contact details for whom are on the last page of this Offer to Purchase.

If you hold USD Notes and wish to receive the Tender Consideration plus Accrued Coupon Payment, you must validly tender (or cause the valid tender of) your USD Notes, and not validly withdraw such USD Notes, using the procedures described in this Offer to Purchase.

All of the USD Notes are held in book-entry form and registered in the name of Cede & Co., as the nominee of DTC. Only Holders of USD Notes are authorized to tender their USD Notes pursuant to the USD Tender Offers. Therefore, to tender USD Notes that are held through a broker, dealer, commercial bank, trust company or other nominee, a beneficial owner thereof must instruct such nominee to tender the USD Notes on such beneficial owner's behalf according to the procedure described below. There is no letter of transmittal in connection with the USD Tender Offers.

For a Holder to tender USD Notes validly pursuant to the USD Tender Offers (other than through the Guaranteed Delivery Procedures), (1) an Agent's Message and any other required documents must be received by the USD tender agent at its address set forth on the back cover of this Offer to Purchase and (2) the USD Notes to be tendered must be transferred pursuant to the procedures for book-entry transfer described below and a confirmation of such book-entry transfer must be received by the USD tender agent at or prior to the Expiration Date.

To effectively tender USD Notes, DTC participants should transmit their acceptance through ATOP, for which the Tender Offers will be eligible and DTC will then edit and verify the acceptance and send an Agent's Message to the USD tender agent for its acceptance. Delivery of USD Notes to be tendered must be made to the USD tender agent pursuant to the book-entry delivery procedures set forth below.

By tendering USD Notes pursuant to a USD Tender Offer, a Holder will be deemed to have represented, warranted and agreed that such Holder is the beneficial owner of, or a duly authorized representative of one or more such beneficial owners of, and has full power and authority to tender, sell, assign and transfer, the USD Notes tendered thereby and that when such USD Notes are accepted for purchase, we will acquire good, indefeasible, marketable and unencumbered title thereto, free and clear of all liens, restrictions, charges and encumbrances of any kind and not subject to any adverse claim or right and that such Holder will cause such USD Notes to be delivered in accordance with the terms of the relevant USD Tender Offer. The Holder by tendering USD Notes will also have agreed (a) not to sell, pledge, hypothecate or otherwise encumber or transfer any USD Notes tendered from the date of such tender and that any such purported sale, pledge, hypothecation or other encumbrance or transfer will be void and of no effect and (b) to execute and deliver such further documents and give such further assurances as may be required in connection with such USD Tender Offer and the transactions contemplated thereby, in each case on and subject to the terms and conditions of such USD Tender Offer. In addition, by tendering USD Notes a Holder will also have released us and our affiliates from any and all claims that Holders may have arising out of or relating to the USD Notes.

Notes Held with DTC by a DTC Participant

Pursuant to authority granted by DTC, if you are a DTC participant that has USD Notes credited to your DTC account and thereby held of record by DTC's nominee, you may directly tender your USD Notes as if you were the record holder. Accordingly, references herein to record holders include DTC participants with USD Notes credited to their accounts. The USD tender agent, Global Bondholder Services Corporation, will establish accounts with respect to the USD Notes at DTC for purposes of the Tender Offers.

Tender of USD Notes will be accepted only in Minimum Authorized Denominations of \$1,000 and integral multiples of \$1,000 in excess thereof. No alternative, conditional or contingent tenders will be accepted. Holders who tender less than all of their USD Notes must continue to hold USD Notes in at least the Minimum Authorized Denomination for the respective series of USD Notes.

Any DTC participant may tender USD Notes by effecting a book-entry transfer of the USD Notes to be tendered in the USD Tender Offers into the account of the USD tender agent at DTC and electronically transmitting

its acceptance of the Tender Offers through DTC's ATOP procedures for transfer before the Expiration Date of the USD Tender Offers. Delivery of documents to DTC does not constitute delivery to the USD tender agent.

DTC will verify each acceptance transmitted to it via ATOP, execute a book-entry delivery to the USD tender agent's account at DTC and send an agent's message to the USD tender agent (collectively, the "**USD Tender Instructions**"). An "**Agent's Message**" is a message, transmitted by DTC to and received by the USD tender agent and forming part of a book-entry confirmation, which states that DTC has received an express acknowledgement from a DTC participant tendering USD Notes that the participant has received and agrees to be bound by the terms of the USD Tender Offers set forth herein and that the USD Offerors may enforce the agreement against the participant.

Holders desiring to tender USD Notes pursuant to ATOP must allow sufficient time for completion of the ATOP procedures during normal business hours of DTC. Except as otherwise provided herein, delivery of USD Notes will be made only when the Agent's Message is actually received by the USD tender agent. No documents should be sent to us or the Dealer Managers.

Notes Held Through a Nominee by a Beneficial Owner

Currently, all of the USD Notes are held in book-entry form and can only be tendered by following the procedures described under "—Notes Held with DTC by a DTC Participant." However, any beneficial owner whose USD Notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and who wishes to tender should contact the registered holder promptly and instruct it to tender on the beneficial owner's behalf if the beneficial owner wishes to participate in the USD Tender Offers. You should keep in mind that your intermediary may require you to take action with respect to the USD Tender Offers a number of days before the Expiration Date in order for such entity to tender USD Notes on your behalf on or prior to the Expiration Date in accordance with the terms of the USD Tender Offers.

Beneficial owners should be aware that their broker, dealer, commercial bank, trust company or other nominee may establish its own earlier deadlines for participation in the USD Tender Offers. Accordingly, beneficial owners wishing to participate in the USD Tender Offers should contact their broker, dealer, commercial bank, trust company or other nominee as soon as possible in order to determine the times by which such beneficial owner must take action in order to participate in the USD Tender Offers.

By tendering USD Notes pursuant to a USD Tender Offer, a Holder will have agreed that the delivery and surrender of the USD Notes is not effective, and the risk of loss of the USD Notes does not pass to the USD tender agent, until receipt by the USD tender agent of a properly transmitted Agent’s Message. All questions as to the form of all documents and the validity (including time of receipt) and acceptance of tenders and withdrawals of USD Notes will be determined by us, in our sole discretion, which determination shall be final and binding.

Notwithstanding any other provision of this Offer to Purchase, payment of the applicable Tender Consideration and Accrued Coupon Payment, with respect to the USD Notes tendered for purchase and accepted by the USD Offerors pursuant to the USD Tender Offers will occur only after timely receipt by the USD tender agent of a book-entry confirmation with respect to such USD Notes, together with an Agent’s Message and any other required documents. The method of delivery of USD Notes, the Agent’s

Message and all other required documents is at the election and risk of the tendering Holder. In all cases, sufficient time should be allowed to ensure timely delivery.

Alternative, conditional or contingent tenders will not be considered valid. The USD Offerors reserve the right to reject any or all tenders of USD Notes that are not in proper form or the acceptance of which would, in our opinion, be unlawful. The USD Offerors also reserve the right, subject to applicable law and limitations described elsewhere in this Offer to Purchase, to waive any defects, irregularities or conditions of tender as to any particular USD Notes, including any delay in the submission thereof or any instruction with respect thereto. A waiver of any defect or irregularity with respect to the tender of one USD Note shall not constitute a waiver of the same or any other defect or irregularity with respect to the tender of any other USD Note. Our interpretations of the terms and conditions of the USD Tender Offers will be final and binding on all parties. Any defect or irregularity in connection with tenders of USD Notes must be cured within such time as we determine, unless waived by us. Tenders of USD Notes shall not be deemed to have been made until all defects and irregularities have been waived by us or cured. None of the USD Offerors, the Trustee, the Dealer Managers, the USD tender agent, the USD information agent or any other person will be under any duty to give notice of any defects or irregularities in tenders of USD Notes or will incur any liability to Holders for failure to give any such notice.

equal to the applicable Tender Consideration and the applicable Accrued Coupon Payment for such EUR Notes, subject to the automatic withdrawal of those instructions on the date of any withdrawal or termination of the relevant EUR Tender Offer (including where such EUR Notes are not accepted for purchase by the EUR Offeror) or the valid withdrawal of such EUR Tender Instruction as set out in this Offer to Purchase.

The EUR Offeror will only accept tenders of Notes in the EUR Tender Offers by way of the submission of valid EUR Tender Instructions in accordance with the procedures set out in this section or in accordance with the Guaranteed Delivery Procedures set out below.

All questions as to the validity, form and eligibility (including time of receipt) of any EUR Tender Instruction or as to the revocation of any EUR Tender Instruction will be determined by the EUR Offeror, in its sole and absolute discretion, and such determination will be final and binding.

The EUR Offeror also reserves the absolute right to waive any defects, irregularities or delay in the submission of any and all EUR Tender Instructions or withdrawal instructions. The EUR Offeror also reserves the absolute right to waive any such defect, irregularity or delay in respect of particular Notes, whether or not the EUR Offeror elects to waive similar defects, irregularities or any delay in respect of other Notes.

Any defect, irregularity or delay must be cured within such time as the EUR Offeror determines, unless waived by it. EUR Tender Instructions will be deemed not to have been made until such defects, irregularities or delays have been cured or waived. None of the EUR Offeror, the Guarantors, the Dealer Managers or the EUR tender agent shall be under any duty to give notice to a Holder of any defects, irregularities or delays in the receipt or non-receipt of any EUR Tender Instruction or revocation instructions nor shall any of them incur any liability for failure to give such notice.

Guaranteed Delivery

If a Holder desires to tender Notes pursuant to the Tender Offers and (1) time will not permit the Notes to be tendered on or before the Expiration Date or (2) USD Tender Instructions or EUR Tender Instructions, as applicable, cannot be completed on a timely basis, such Holder may effect a tender of Notes pursuant to a guaranteed delivery (the “**Guaranteed Delivery Procedures**”) if all the following conditions are complied with:

- the Holder makes the tender by or through (i) an eligible guarantor institution within the meaning of Rule 17Ad-15 under the U.S. Securities Exchange Act of 1934, as amended, with respect to the USD Notes, or (ii) a direct participant in Euroclear or Clearstream, Luxembourg, with respect to the EUR Notes;
- the amount tendered is in the Minimum Authorized Denominations for the respective series of Notes, subject to the requirement that Holders of USD Notes who tender less than all of their Notes must continue to hold such Notes in at least the Minimum Authorized Denomination for the respective series of Notes;
- prior to the Expiration Date, either (i) in the case of USD Notes, such eligible guarantor institution complies with ATOP’s procedures applicable to guaranteed delivery, or (ii) in the case of EUR Notes, the relevant direct participant in Euroclear or Clearstream, Luxembourg, as applicable, sends to the EUR tender agent (by e-mail, fax, mail or hand delivery) a properly completed and duly executed Notice of Guaranteed Delivery, and in either case represents that a properly transmitted Agent’s Message (in the case of USD Notes), together with a confirmation of book-entry transfer of the USD Notes specified therein, or a valid EUR Tender Instruction (in the case of EUR Notes) resulting in the blocking of the relevant EUR Notes in the relevant direct participant’s account with the relevant clearing system, in each case pursuant to the procedures set forth under the caption “Procedures for Tendering Notes” will be received by the relevant tender agent no later than 5:00 p.m., New York City time, on Guaranteed Delivery Date; and
- no later than 5:00 p.m., New York City time, on the Guaranteed Delivery Date, a properly transmitted Agent’s Message (in the case of USD Notes), together with confirmation of book-entry transfer of the USD Notes specified therein, or a valid EUR Tender Instruction (in the case of EUR Notes) resulting in the blocking of the relevant EUR Notes in the relevant direct participant’s account with the relevant clearing system, in each case pursuant to the procedures set forth under the caption “Procedures for Tendering Notes”, are received by the relevant tender agent.

The Guaranteed Delivery Date is expected to be 5:00 p.m., New York City time, on September 16, 2020 with respect to each Tender Offer unless extended with respect to such Tender Offer.

Any eligible guarantor institution or direct participant in Euroclear or Clearstream, Luxembourg that tenders Notes pursuant to the Guaranteed Delivery Procedures must (i) no later than the Expiration Date, comply with ATOP's procedures applicable to guaranteed delivery or the guaranteed delivery procedures described above in respect of EUR Notes, as the case may be and (ii) no later than the Guaranteed Delivery Date, deliver the Agent's Message, together with confirmation of book-entry transfer of the Notes specified therein, or follow the applicable Euroclear or Clearstream, Luxembourg procedures for submission of a EUR Tender Instruction, to the relevant tender agent as specified above. **Failure to do so could result in a financial loss to such eligible guarantor institution or direct participant.**

If a Holder is tendering Notes through ATOP pursuant to the Guaranteed Delivery Procedures, the eligible guarantor institution should not complete and deliver the Notice of Guaranteed Delivery, but such eligible guarantor institution will be bound by the terms of the Tender Offers, including the Notice of Guaranteed Delivery, as if it was executed and delivered by such eligible guarantor institution. Holders who hold Notes in book-entry form and tender pursuant to the Guaranteed Delivery Procedures should, prior to the Guaranteed Delivery Date, only comply with ATOP's procedures applicable to guaranteed delivery

Payment for Notes tendered through the Guaranteed Delivery Procedures will take place on the Settlement Date, which, assuming that the conditions to the Tender Offers are satisfied or waived, is expected to be September 17, 2020, the third business day after the Expiration Date, unless the Expiration Date is extended or the relevant Tender Offer is terminated earlier.

FOR THE AVOIDANCE OF DOUBT, THE DELIVERY OF (1) IN THE CASE OF USD NOTES, SUCH USD NOTES TENDERED BY GUARANTEED DELIVERY PROCEDURES, OR (2) IN THE CASE OF EUR NOTES, A VALID EUR TENDER INSTRUCTION IN RESPECT OF SUCH EUR NOTES (RESULTING IN THE BLOCKING OF SUCH EUR NOTES IN THE RELEVANT ACCOUNT IN THE RELEVANT CLEARING SYSTEM) MUST IN EACH CASE BE MADE NO LATER THAN 5:00 P.M., NEW YORK CITY TIME, ON SEPTEMBER 16, 2020, WHICH IS TWO BUSINESS DAYS FOLLOWING THE EXPIRATION DATE; PROVIDED, THAT ACCRUED COUPON PAYMENTS WILL CEASE TO ACCRUE ON THE SETTLEMENT DATE FOR ALL NOTES ACCEPTED IN THE TENDER OFFERS, INCLUDING THOSE TENDERED BY THE GUARANTEED DELIVERY PROCEDURES SET FORTH ABOVE, AND UNDER NO CIRCUMSTANCES WILL THE OFFERORS PAY ADDITIONAL INTEREST ON THE TENDER CONSIDERATION AFTER THE SETTLEMENT DATE BY REASON OF ANY DELAY IN THE GUARANTEED DELIVERY PROCEDURES.

Withdrawal of Tenders

You may withdraw your tender of Notes at any time at or prior to the Expiration Date, but tenders will thereafter be irrevocable, except in certain limited circumstances where we determine that additional withdrawal rights are required by law.

Tenders may not be validly withdrawn after the Expiration Date, other than as set forth below or unless an Offeror amends the applicable Tender Offer, in which case withdrawal rights may be extended as such Offeror determines, to the extent required by law, appropriate to allow tendering Holders a reasonable opportunity to respond to such amendment. Each Offeror, in its sole discretion, may extend the Expiration Date for any purpose. In addition, if the Expiration Date is extended, tendered Notes may be withdrawn at any time until 10 business days after the commencement of the Tender Offers. Tendered Notes may also be withdrawn at any time after the 60th business day after the commencement of the Tender Offers, if for any reason a Tender Offer has not been consummated within 60 days after commencement.

Any Notes validly withdrawn will not have been validly tendered for purchase for purposes of the Tender Offers. Any USD Notes that have been tendered for purchase but which are not accepted for any reason will be credited to an account with DTC specified by the Holder, as soon as practicable after withdrawal, rejection of tender or termination of the USD Tender Offers. EUR Tender Instructions in respect of any EUR Notes that have been tendered for purchase but which are not accepted will be deemed to be automatically withdrawn on the date of any withdrawal or termination of the relevant EUR Tender Offer. Properly withdrawn Notes may be re-tendered by

following one of the procedures described under “—Procedures for Tendering Notes” above at any time at or prior to the Expiration Date.

We will determine all questions as to the form and validity (including time of receipt) of any notice of withdrawal of a tender, in our sole discretion, which determination shall be final and binding. None of us, the Trustee, the Dealer Managers, the tender agents or the information agents or any other person will be under any duty to give notification of any defect or irregularity in any notice of withdrawal of a tender or incur any liability for failure to give any such notification.

USD Notes

For a withdrawal of a tender of USD Notes to be effective, the USD tender agent must receive a computer-generated notice of withdrawal, transmitted by DTC on behalf of the Holder in accordance with the standard operating procedure of DTC, or a written notice of withdrawal, sent by facsimile transmission, receipt confirmed by telephone, or letter prior to the Expiration Date. A form of notice of withdrawal may be obtained from the USD tender agent. Any notice of withdrawal must:

- specify the name of the Holder that tendered the USD Notes to be withdrawn and, if different, the name of the registered holder of such USD Notes (or, in the case of USD Notes tendered by book-entry transfer, the name of the DTC participant whose name appears on the security position as the owner of such USD Notes);
- identify the USD Notes to be withdrawn and principal amount of such USD Notes;
- include a statement that the Holder is withdrawing its election to tender the USD Notes; and
- except in the case of a notice of withdrawal transmitted through ATOP, be signed by such participant in the same manner as the participant’s name is listed on the applicable agent’s message, or be accompanied by evidence satisfactory to us that the person withdrawing the tender has succeeded to the beneficial ownership of such USD Notes.

Any notice of withdrawal must specify the name and number of the account at DTC to be credited with the withdrawn USD Notes or otherwise comply with DTC’s procedures.

The signature on a notice of withdrawal must be guaranteed by a recognized participant in the Securities Transfer Agents Medallion Program, the New York Stock Exchange, Inc. Medallion Signature Program or the Stock Exchange Medallion Program (a “**Medallion Signature Guarantor**”) unless such USD Notes have been tendered for the account of an Eligible Institution. If the USD Notes to be withdrawn have been delivered or otherwise identified to the USD tender agent, a signed notice of withdrawal will be effective immediately upon the USD tender agent’s receipt of written or facsimile notice of withdrawal. An “**Eligible Institution**” is one of the following firms or other entities identified in Rule 17Ad-15 under the Exchange Act (as the terms are defined in such Rule 17Ad-15):

- a bank;
- a broker, dealer, municipal securities dealer, municipal securities broker, government securities dealer or government securities broker;
- a credit union;
- a national securities exchange, registered securities association or clearing agency; or
- a savings association.

A withdrawal of USD Notes can only be accomplished in accordance with the foregoing procedures. Each USD Offeror will have the right, which may be waived, to reject the defective withdrawal of USD Notes as invalid and ineffective.

EUR Notes

A EUR Tender Instruction may only be withdrawn by a Holder of EUR Notes, or the relevant direct participant on its behalf, by submitting a valid electronic withdrawal instruction via Euroclear or Clearstream, Luxembourg to the EUR tender agent prior to the Expiration Date. To be valid, such instruction must specify the EUR Notes to

which the original EUR Tender Instruction related, the securities account to which such EUR Notes are credited and any other information required by the relevant clearing system.

Acceptance of Notes

Upon satisfaction or waiver of all of the conditions to the Tender Offers and upon the terms and subject to the conditions of the Tender Offers, we will promptly pay the Tender Consideration and Accrued Coupon Payment on the Settlement Date for such Notes validly tendered that have not been validly withdrawn. For purposes of the Tender Offers, we will be deemed to have accepted Notes for purchase when we give oral (promptly confirmed in writing) or written notice of acceptance to the relevant tender agent.

We expressly reserve the right, subject to applicable law (including Rule 14e-1 under the Exchange Act, which requires that we pay the consideration offered or return the Notes deposited by or on behalf of the holders promptly after the termination or withdrawal of any Tender Offers), to (1) delay acceptance for purchase of Notes tendered under the Tender Offers or the delivery of the cash payment for the Notes accepted for purchase, or (2) terminate any or all of the Tender Offers at any time.

If, for any reason, acceptance for purchase of tendered Notes, or delivery of any cash amounts for validly tendered and accepted Notes, pursuant to the Tender Offers is delayed, or we are unable to accept such tendered Notes for purchase or deliver any cash amounts for such validly tendered and accepted Notes pursuant to the Tender Offers, then the USD tender agent may, nevertheless, on our behalf, retain such tendered USD Notes or, as applicable, such tendered EUR Notes will remain blocked in the relevant account in Euroclear or Clearstream, Luxembourg, without prejudice to our rights described under “—Expiration Date; Extension; Termination; Amendment,” “—Conditions to the Tender Offers” and “—Withdrawal of Tenders,” but subject to Rule 14c-1 under the Exchange Act, which requires that we pay the consideration offered or return (or unblock) such Notes tendered promptly after the termination or withdrawal of the Tender Offers.

Holders of Notes tendered and accepted by us pursuant to the Tender Offers will be entitled to the Accrued Coupon Payment on their Notes to, but excluding, the Settlement Date, which interest shall be payable on the Settlement Date.

The Offerors will not be liable for any interest as a result of a delay by the tender agents, DTC, Euroclear, Clearstream, Luxembourg or any other intermediary in distributing the consideration for the Tender Offers.

USD Notes

In all cases, we will purchase USD Notes that are accepted for purchase pursuant to the USD Tender Offers only after the USD tender agent timely receives a book-entry confirmation of the transfer of the USD Notes into the USD tender agent’s account at DTC and all other required documents have been received.

We will purchase USD Notes accepted for purchase in the USD Tender Offers and pay the Tender Consideration and Accrued Coupon Payment on the Settlement Date, by paying cash on the Settlement Date to the USD tender agent (or upon its instructions, to DTC), which will act as agent for you for the purpose of any cash payment and transmitting the any cash payments to you. With respect to tendered USD Notes that are to be returned to Holders, such USD Notes will be credited to the account maintained at DTC from which such USD Notes were delivered after the expiration or termination of the relevant USD Tender Offer.

EUR Notes

If EUR Notes validly tendered in a EUR Tender Offer are accepted for purchase by the EUR Offeror, the Tender Consideration and Accrued Coupon Payment for EUR Notes accepted for purchase pursuant to such EUR Tender Offer will be paid on the Settlement Date (subject to the right of the EUR Offeror to delay the acceptance of EUR Tender Instructions as set out in this Offer to Purchase) in immediately available funds delivered to Euroclear or Clearstream, Luxembourg for payment to the cash accounts of the relevant Holders of EUR Notes in the clearing systems (see “Procedures for Tendering—EUR Notes”). The deposit of such funds with the clearing systems will discharge the obligation of the EUR Offeror to all Holders in respect of the above amounts represented by such funds.

Provided the EUR Offeror makes or has made on its behalf full payment of the Tender Consideration and Accrued Coupon Payments for EUR Notes accepted for purchase pursuant to the EUR Tender Offers to Euroclear or

Clearstream, Luxembourg on or before the Settlement Date (subject to any amendment of the relevant payment date as described above), under no circumstances will any additional interest be payable because of any delay in the transmission of funds from the Euroclear or Clearstream, Luxembourg or any other intermediary with respect to such Notes.

Right to Transfer or Assign Payment Obligations

We reserve the right to transfer or assign, in whole or from time to time in part, to one or more of our affiliates or any third party, the right to purchase all or any of the Notes tendered pursuant to any or all of the Tender Offers, or to pay all or any portion of the applicable Tender Consideration and the applicable Accrued Coupon Payment for such Notes, or all of the foregoing, but any such transfer or assignment will not relieve us of our obligations under such Tender Offer or Tender Offers and will in no way prejudice the rights of tendering Holders to receive payment for Notes validly tendered, and not validly withdrawn, and accepted for purchase pursuant to such Tender Offer or Tender Offers or to receive the applicable Tender Consideration and applicable Accrued Coupon Payment for Notes validly tendered and accepted for purchase pursuant to such Tender Offer or Tender Offers.

Marketing and Trading Information

To the extent there is an active trading market for any or all of the series of Notes eligible for the Tender Offers, prices of such Notes may fluctuate greatly depending on the trading volume and the balance between buy and sell orders. Holders are urged to obtain current information with respect to the market prices for their Notes.

Transfer Taxes

You will not be obligated to pay any transfer taxes in connection with the tender of Notes in the Tender Offers unless you request that Notes not tendered or accepted in the Tender Offers be returned, to a person other than the tendering holder. In those cases, you will be responsible for the payment of any applicable transfer taxes.

Certain Consequences of Failure to Participate in the Tender Offers

Any of the Notes that are not tendered to us on or prior to the Expiration Date or the Guaranteed Delivery Date pursuant to the Guaranteed Delivery Procedures or are not accepted for purchase by us will remain outstanding and will mature in accordance with their terms, and will otherwise be entitled to all the rights and privileges under the relevant indenture pursuant to which such Notes were issued.

In addition, the trading market for Notes that are not tendered could become more limited than the existing trading market for the Notes. A more limited trading market might adversely affect the liquidity, market price and price volatility of the Notes. If a market for the Notes that are not tendered exists or develops, the Notes may trade at a discount to the price at which they would trade if the principal amount currently outstanding was not reduced.

For a further description of the consequences of failing to tender your Notes, see the section entitled “Risk Factors.”

Additional Purchases of Notes

Following completion of the Tender Offers, the Offerors may from time to time purchase additional Notes that remain outstanding in the open market, in privately negotiated transactions, through tender offers, exchange offers or otherwise, or the Offerors may redeem Notes pursuant to the terms of the relevant indenture pursuant to which such Notes were issued. Any future purchases may be on the same terms or on terms that are more or less favorable to Holders of Notes than the terms of the Tender Offers and, in either case, could be for cash or other consideration. Any future purchases will depend on various factors existing at that time. There can be no assurance as to which, if any, of these alternatives (or combinations thereof) the Offerors will choose to pursue in the future.

Effect of Tender

Any tender by a Holder, and our subsequent acceptance of that tender, of Notes will constitute a binding agreement between that Holder and us upon the terms and subject to the conditions of the Tender Offers described in this Offer to Purchase. The participation in the Tender Offers by a tendering Holder of Notes will constitute the

agreement by that Holder to deliver good and marketable title to the tendered Notes, free and clear of any and all liens, restrictions, charges, pledges, security interests, encumbrances or rights of any kind of third parties.

Compliance with “Short Tendering” Rule

It is a violation of Rule 14e-4 promulgated under the Exchange Act for a person, directly or indirectly, to tender Notes for such person’s own account unless the person so tendering (i) has a net long position equal to or greater than the aggregate principal amount of the securities being tendered and (ii) will cause such securities to be delivered in accordance with the terms of the Tender Offers. Rule 14e-4 provides a similar restriction applicable to the tender or guarantee of a tender on behalf of another person.

A tender of Notes (and acceptance by the Offerors) in response to any Tender Offer under any of the procedures described above will constitute a binding agreement between the Holder and us with respect to such Tender Offer upon the terms and subject to the conditions of such Tender Offer, including the Holder’s acceptance of the terms and conditions of such Tender Offer, as well as the Holder’s representation and warranty that (i) such Holder has a net long position in the Notes being tendered pursuant to such Tender Offer within the meaning of Rule 14e-4 under the Exchange Act and (ii) the tender of such Notes complies with Rule 14e-4.

CERTAIN TAX CONSIDERATIONS

The following is a summary of certain United States federal income tax consequences and Belgian tax consequences relating to the Tender Offers. This summary does not cover all aspects of U.S. federal income taxation and Belgian taxation that may be relevant to your particular circumstances (including consequences under the alternative minimum tax or net investment income tax), and does not address state, local, foreign or other tax laws.

Please consult your own professional adviser regarding the possible tax consequences of the Tender Offers in your particular circumstances under the laws of the jurisdictions that apply to you or to the sale of your Notes and your receipt of the relevant Tender Consideration and the Accrued Coupon Payment. You are liable for your own taxes and similar or related payments imposed under the laws of any applicable jurisdiction, and you have no recourse to the Offerors, the Guarantors, the Dealer Managers or the tender agents with respect to such taxes arising in connection with the Tender Offers.

Certain U.S. Federal Income Tax Considerations

The following summary applies to you only if you have held your USD Notes as capital assets for United States federal income tax purposes. This section does not apply to you if you are a member of a class of holders subject to special rules, such as:

- financial institutions,
- individual retirement accounts and other tax-deferred accounts,
- a dealer in securities,
- a trader in securities that elects to use a mark-to-market method of accounting for your securities holdings,
- banks,
- insurance companies,
- tax exempt organizations,
- persons holding the Notes as a position in a hedging transaction, “straddle”, “conversion transaction” or other risk reduction transaction,
- persons that have ceased to be U.S. citizens or lawful permanent residents of the United States or are U.S. expatriates,
- persons that purchase or sell the Notes as part of a wash sale for tax purposes, or
- U.S. Holders (as defined below) whose functional currency for tax purposes is not the U.S. dollar.

If a partnership (including any entity treated as a partnership for U.S. federal income tax purposes) holds the USD Notes, the tax treatment of a partner in the partnership generally will depend upon the status of the partner and the activities of the partnership. If you are a partner of a partnership holding the USD Notes, you should consult your tax advisor regarding the tax consequences of the Tender Offers.

This summary is based on the Internal Revenue Code of 1986, as amended (the “**Code**”), its legislative history, existing and proposed regulations under the Code, published rulings and court decisions, all as currently in effect. These authorities are subject to change, possibly on a retroactive basis.

Tax Consequences for U.S. Holders

For purposes of this summary, a “**U.S. Holder**” is a beneficial owner of a Note that is for U.S. federal income tax purposes:

- an individual who is a citizen or resident of the United States;
- a domestic corporation;
- an estate, the income of which is subject to U.S. federal income tax regardless of its source; or
- a trust (i) if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust

or (ii) that has validly elected to be treated as a domestic trust for U.S. federal income tax purposes.

If you are not a U.S. Holder, this subsection does not apply to you and you should refer to “Tax Consequences for Non-U.S. Holders” below.

U.S. Holders that Tender.

The discussion below assumes the accuracy of our position that the Notes are not treated as contingent payment debt instruments for tax purposes.

Sale of Notes Pursuant to the Tender Offers. A sale of Notes by a U.S. Holder pursuant to the Tender Offers will be a taxable transaction. A tendering U.S. Holder will generally recognize gain or loss, if any, in an amount equal to the difference between (i) the U.S. dollar value of the Tender Consideration received in exchange for the Notes, and (ii) the U.S. Holder’s adjusted tax basis in its tendered Notes at the time of sale. The Accrued Coupon Payment will be treated as ordinary interest income to the extent not previously included in income. A U.S. Holder’s adjusted tax basis in a Note generally will equal the U.S. Holder’s initial cost for the Note, increased by any market discount that the U.S. Holder previously included in income with respect to the Note, and decreased by the amount of any bond premium that the U.S. Holder previously amortized with respect to the Note. If you receive an amount pursuant to the Tender Offers which is paid in a foreign currency, you will be treated as having received the U.S. dollar value of such foreign currency, and your tax basis in that foreign currency will equal its U.S. dollar value at the time you receive it. If you sell or dispose of a foreign currency, including if you exchange such foreign currency for U.S. dollars, any gain or loss recognized generally will be U.S. source ordinary income or loss.

Except to the extent that (i) gain is subject to the market discount rules, as discussed below; or (ii) gain or loss is attributable to changes in exchange rates, any such gain or loss generally will be capital gain or loss. Capital gain of a noncorporate U.S. Holder is generally taxed at preferential rates where the property is held for more than one year. The ability of a U.S. Holder to deduct capital losses is subject to limitations.

Gain recognized by a tendering U.S. Holder will be treated as ordinary income to the extent of any market discount on the Notes that has accrued during the period that the tendering U.S. Holder held the Notes and that has not previously been included in income by the U.S. Holder. A Note generally will be considered to be acquired with market discount if the initial tax basis of the Note in the hands of the U.S. Holder immediately subsequent to its acquisition by the U.S. Holder was less than the stated principal amount of the Note by more than a specified de minimis amount.

A special rule provides that the total amount of gain you recognize due to changes in exchange rates with respect to both principal and interest on a sale of Notes will not exceed the total gain or loss you realize on such sale.

Treasury Regulations Requiring Disclosure of Reportable Transactions. Treasury regulations require United States taxpayers to report certain transactions that give rise to a loss in excess of certain thresholds (a “**Reportable Transaction**”). Under these regulations, if the Notes are denominated in a foreign currency, a U.S. Holder (or a Non-U.S. Holder that holds the Notes in connection with a U.S. trade or business) that recognizes a loss with respect to the Notes that is characterized as an ordinary loss due to changes in currency exchange rates (under any of the rules discussed above) would be required to report the loss on IRS Form 8886 (Reportable Transaction Statement) if the loss exceeds the thresholds set forth in the regulations. For individuals and trusts, this loss threshold is \$50,000 in any single taxable year. For other types of taxpayers and other types of losses, the thresholds are higher. You should consult with your tax advisor regarding any tax filing and reporting obligations that may apply in connection with acquiring, owning and disposing of Notes.

U.S. Holders that Do Not Tender.

A U.S. Holder who does not tender its Notes will not recognize gain or loss for United States federal income tax purposes as a result of the Tender Offers.

Tax Consequences for Non-U.S. Holders

For purposes of this summary, a “**Non-U.S. Holder**” is a beneficial owner of a Note that is, for United States federal income tax purposes:

- a nonresident alien individual;

- a foreign corporation; or
- an estate or trust that in either case is not subject to United States federal income tax on a net income basis on income or gain from a note.

If you are a U.S. Holder, this subsection does not apply to you and you should refer to “Tax Consequences for U.S. Holders” above.

The USD Notes are referred to herein as the “**U.S.-Source Notes.**” The EUR Notes are referred to herein as the “**Foreign-Source Notes.**”

U.S.-Source Notes—Non-U.S. Holders that Tender—Sale of Notes Pursuant to the Tender Offers.

Subject to discussion below of backup withholding, any gain realized by a Non-U.S. Holder on the receipt of the Tender Consideration with respect to the U.S.-Source Notes (determined as described above under “—U.S. Holders that Tender—Sale of Notes Pursuant to the Tender Offers”) generally will not be subject to United States federal income or withholding tax, unless

- the receipt of such amount is effectively connected with the conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, is attributable to a U.S. permanent establishment that such Non-U.S. Holder maintains); or
- such Non-U.S. Holder is an individual who is present in the United States for 183 days or more in the taxable year of that disposition of the U.S.-Source Notes and certain other conditions exist.

Unless a tax treaty provides otherwise, gain described in the first bullet point will be subject to U.S. federal income tax on a net income basis in much the same manner as if the Non-U.S. Holder were a U.S. Holder. Non-U.S. Holders that are corporations also may be subject to a 30% branch profits tax (or an applicable lower treaty rate) on effectively connected gain. Gain described in the second bullet point generally will be subject to U.S. federal income tax at a flat 30% rate (unless an applicable treaty provides otherwise), but may be offset by U.S.-source capital losses. Non-U.S. Holders described in either of the first or second bullet above are urged to consult any applicable tax treaties that may provide for different rules.

The Accrued Coupon Payment generally will not be subject to withholding of U.S. federal income tax, provided that: (i) the Non-U.S. Holder does not actually or constructively own 10% or more of the total combined voting power of all classes of stock of a USD Offeror that are entitled to vote; (ii) the Non-U.S. Holder is not a “controlled foreign corporation” related to a USD Offeror within the meaning of the Code; and (iii) the Non-U.S. Holder properly certifies the Non-U.S. Holder’s foreign status and satisfies the applicable requirements under rules dealing with foreign account tax compliance on applicable IRS Form W-8 or other applicable or successor form.

If a Non-U.S. Holder does not qualify for an exemption from withholding of U.S. federal income tax on the Accrued Coupon Payment under the preceding paragraph and the payment is not effectively connected with the Non-U.S. Holder’s conduct of a U.S. trade or business (and, if an income tax treaty applies, the payment is not attributable to a U.S. permanent establishment that such Non-U.S. Holder maintains), such payment generally will be subject to withholding of U.S. federal income tax at a rate of 30%, unless such Non-U.S. Holder is able to claim a valid exemption from or reduction of withholding under an applicable income tax treaty. If such payment is effectively connected with the Non-U.S. Holder’s conduct of a trade or business (and, if an income tax treaty applies, the Non-U.S. Holder maintains a U.S. permanent establishment to which the payment is generally attributable), the Non-U.S. Holder will be subject to U.S. federal income tax on such payment on a net income basis in much the same manner as if the Non-U.S. Holder were a U.S. Holder (and a Non-U.S. Holder that is a corporation may also be subject to a 30% branch profits tax, unless it qualifies for a lower rate under an applicable income tax treaty).

Foreign-Source Notes—Non-U.S. Holders that Tender—Sale of Notes Pursuant to the Tender Offers.

Subject to discussion below of backup withholding, a Non-U.S. Holder generally will not be subject to U.S. federal income tax with respect to gain realized on the disposition of Foreign-Source Notes pursuant to the Tender Offers or in respect of the Accrued Coupon Payment unless

- the receipt of such amount is effectively connected with the conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, is attributable to a U.S. permanent establishment that such Non-U.S. Holder maintains); or
- in the case of gain, such Non-U.S. Holder is an individual who is present in the United States for 183 days or more in the taxable year of that disposition and certain other conditions exist.

If the Accrued Coupon Payment, or gain recognized on the sale of the Foreign-Source Notes, is effectively connected with a Non-U.S. Holder's conduct of a U.S. trade or business (and, if an income tax treaty applies, the Non-U.S. Holder maintains a U.S. permanent establishment to which the gain or Accrued Coupon Payment is generally attributable), the Non-U.S. Holder generally will be subject to U.S. federal income tax on the gain or Accrued Coupon Payment on a net income basis in the same manner as if it were a U.S. Holder. A foreign corporation that is a Holder of a Foreign-Source Note also may be subject to a branch profits tax equal to 30% of its effectively connected earnings and profits for the taxable year, subject to certain adjustments, unless it qualifies for a lower rate under an applicable income tax treaty. For this purpose, such gain or Accrued Coupon Payment will be included in earnings and profits if the gain or Accrued Coupon Payment is effectively connected with the conduct by the foreign corporation of a U.S. trade or business (*and, if an income tax treaty applies, is attributable to a U.S. permanent establishment maintained by the Non-U.S. Holder*). Gain described in the second bullet point generally will be subject to U.S. federal income tax at a flat 30% rate (unless an applicable treaty provides otherwise), but may be offset by U.S.-source capital losses.

Non-U.S. Holders that Do Not Tender.

A Non-U.S. Holder who does not tender its Notes will not recognize gain or loss for United States federal income tax purposes as a result of the Tender Offers.

Information Reporting and Backup Withholding

Payments that are attributable to Accrued Coupon Payments and Tender Consideration that are made to a U.S. Holder may be subject to information reporting and to backup withholding unless the U.S. Holder is a corporation or other exempt recipient or, in the case of backup withholding, the U.S. Holder provides a correct taxpayer identification number and certifies that no loss of exemption from backup withholding has occurred.

In addition, a Non-U.S. Holder may be subject to information reporting and backup withholding with respect to payments that are attributable to Accrued Coupon Payments and Tender Consideration, unless such Non-U.S. Holder is an exempt recipient or otherwise establishes an exemption by certifying as to its nonresident status (generally, by providing an applicable IRS Form W-8).

Backup withholding is not an additional tax. Holders may use amounts withheld as a credit against their U.S. federal income tax liability or may claim a refund of any excess amounts withheld by timely filing a claim for refund with the IRS.

Certain Belgian Tax Considerations

In view of the number of different jurisdictions where tax laws may apply to a Holder, this Offer to Purchase does not discuss the tax consequences to Holders of EUR Notes of the purchase of Notes by the EUR Offeror pursuant to the EUR Tender Offers, save as set out below.

The paragraphs below contain a summary of certain Belgian tax consequences arising from the purchase of the EUR Notes by the EUR Offeror pursuant to the EUR Tender Offers and are intended neither as tax advice nor as a comprehensive description of all Belgian tax consequences associated with or resulting from the transactions. The summary is based on the information provided in this Offer to Purchase and on Belgium's tax laws, regulations, resolutions and other public rules with legal effect, and the interpretation thereof under published case law, all as in effect on the date of this Offer to Purchase and with the exception of subsequent amendments with retroactive effect.

Belgium

For Belgian tax purposes, interest includes any periodic interest paid on the EUR Notes, any amount paid by, or on or on behalf of, an issuer in excess of the issue price (upon full or partial redemption whether or not on the

maturity date, or upon purchase by an issuer) and, in case of a disposal of EUR Notes between two interest payment dates to any third party, excluding the issuer, the pro rata of accrued interest corresponding to the detention period.

For the purposes of the following paragraphs, the portion of the payment to Holders tendering EUR Notes in the EUR Tender Offers which corresponds to (i) the amount of any Accrued Coupon Payment and (ii) the difference between the applicable Tender Consideration and the outstanding nominal amount of the relevant Notes is therefore referred to as interest.

Belgian withholding tax

The portion of the payment to Holders tendering EUR Notes in the EUR Tender Offers which corresponds to the amount of any interest for tax purposes (as referred to above) is in principle subject to Belgian withholding tax on the gross amount of the interest payment at a rate of 30 per cent. Tax treaties may provide for lower rates subject to certain conditions and formalities.

However, the interest payments may be made without deduction of Belgian withholding tax in respect of the EUR Notes if and as long as at the moment of payment or attribution of the interest they are held by certain eligible investors (the “**Tax Eligible Investors**”, see hereinafter) in an exempt securities account (an “**X-Account**”) that has been opened with a financial institution that is a direct or indirect participant (a “**Participant**”) in the NBB-SSS. Euroclear and Clearstream, Luxembourg are directly or indirectly Participants for this purpose.

Holding the Notes through the NBB-SSS enables Tax Eligible Investors to receive gross interest income on their Notes and to transfer Notes on a gross basis.

Tax Eligible Investors are those listed in article 4 of the Belgian Royal Decree of 26 May 1994 on the deduction of withholding tax (*“arrêté royal du 26 mai 1994 relatif à la perception et à la bonification du précompte mobilier”/“koninklijk besluit van 26 mei 1994 over de inhouding en de vergoeding van de roerende voorheffing”*) which include, inter alia:

- (i) Belgian resident companies subject to Belgian corporate income tax as specified in article 2, §1, 5°, b) of the Belgian Income Tax Code 1992 (*“code des impôts sur les revenus 1992”/“wetboek van inkomstenbelastingen 1992”*) (the “**Belgian ITC 1992**”);
- (ii) institutions, associations or companies specified in article 2, §3 of the law of 9 July 1975 on the control of insurance companies other than those referred to in (i) and (iii) subject to the application of article 262, 1° and 5° of the Belgian ITC 1992;
- (iii) state regulated institutions (*“institutions parastatales”/“parastatalen”*) for social security, or institutions which are assimilated therewith, provided for in article 105, 2° of the royal decree implementing the Belgian ITC 1992 (*“arrêté royal d'exécution du code des impôts sur les revenus 1992”/“koninklijk besluit tot invoering van het wetboek inkomstenbelastingen 1992”*, the “**RD/BITC 1992**”);
- (iv) non-resident investors whose holding of the Notes is not connected to a professional activity in Belgium, referred to in article 105, 5° of the Belgian RD/ITC 1992;
- (v) investment funds, recognised in the framework of pension savings, provided for in article 115 of the RD/BITC 1992;
- (vi) taxpayers provided for in article 227, 2° of the Belgian ITC 1992 which have used the income generating capital for the exercise of their professional activities in Belgium and which are subject to non-resident income tax pursuant to article 233 of the Belgian ITC 1992;
- (vii) the Belgian State in respect of investments which are exempt from withholding tax in accordance with article 265 of the Belgian ITC 1992;
- (viii) collective investment funds (such as investment funds *“beleggingsfondsen”/“fonds de placement”*) governed by foreign law being an indivisible estate managed by a management company for the account of the participants, provided that the fund units are not offered publicly in Belgium or otherwise marketed in Belgium;
- (ix) Belgian resident corporations, not provided for under (i) above, when their activities exclusively or principally consist of the granting of credits and loans; and

- (ix) only for the income from debt securities issued by legal persons that are part of the sector public authorities, in the sense of the European system of national and regional accounts (ESA), for the application of the European Community Rule N° 3605/93 of 22 November 1993 on the application of the Protocol on the procedure in case of excessive deficits attached to the Treaty of the European Communities, the legal entities that are part of the aforementioned sector of public authorities.

Tax Eligible Investors do not include, inter alia, Belgian resident investors who are individuals or Belgian non-profit making organisations, other than those mentioned under (ii) and (iii) above.

The above categories only summarise the detailed definitions contained in Article 4 of the Royal Decree of 26 May 1994, as amended, to which investors should refer for a precise description of the relevant eligibility rules.

Participants to the NBB-SSS must keep the EUR Notes which they hold on behalf of the investors that are not Tax Eligible Investors in a non-exempt securities account (an “**N-Account**”). In such instance, all payments of amounts that are considered interest for tax purposes (as referred to above) are subject to a 30 per cent. withholding tax. This withholding tax is withheld by the NBB from the interest payment and paid to the Belgian general administration of taxation.

Subject to applicable law, transfers of EUR Notes between an X-Account and an N-Account give rise to certain adjustment payments on account of withholding tax:

- a) A transfer from an N-Account (to an X-Account or N-Account) gives rise to the payment by the transferor non-Tax Eligible Investor to the NBB of withholding tax on the accrued fraction of interest calculated from the last interest payment date up to the transfer date.
- b) A transfer (from an X-Account or N-Account) to an N-Account gives rise to the refund by the NBB to the transferee non-Tax Eligible Investor of withholding tax on the accrued fraction of interest calculated from the last interest payment date up to the transfer date.
- c) Transfers of EUR Notes between two X-Accounts do not give rise to any adjustment on account of withholding tax.

Participants are required to make annual declarations to the NBB as to the eligible status of each investor for whom they held EUR Notes in an X-Account during the preceding calendar year.

Belgian tax on income and capital gains

This section summarizes certain matters relating to Belgian tax on income and capital gains in the hands of Tax Eligible Investors. This section therefore does not address the tax treatment in the hands of investors that do not qualify as Tax Eligible Investors such as Belgian resident individuals and Belgian legal entities that do not qualify as Tax Eligible Investors.

Belgian resident companies:

Interest attributed or paid to Holders of EUR Notes which are subject to Belgian corporate income tax (“*impôt des sociétés*”/“*vennootschapsbelasting*”), as well as capital gains realised upon the sale of the EUR Notes are taxable at the current ordinary corporate income tax rate of in principle 25 per cent. as of assessment year 2021 linked to a taxable period starting at the earliest on 1 January 2020. Furthermore, subject to certain conditions, small and medium-sized companies (as defined by article 1:24, §1 to §6 of the Belgian Companies and Associations Code) are taxable at the reduced corporate income tax rate of 20 per cent. for the first EUR 100,000 of their taxable base.

Capital losses realised upon the sale of the EUR Notes are in principle tax deductible.

Different rules apply to companies subject to a special tax regime, such as investment companies within the meaning of article 185bis of the Belgian ITC 1992.

Belgian legal entities:

Belgian legal entities subject to Belgian legal entities tax (“*impôts des personnes morales*”/“*rechtspersonenbelasting*”) and which qualify as Tax Eligible Investors and which consequently have received gross interest income are required (if such entities cannot invoke a final withholding tax exemption) to

declare and pay the 30 per cent. withholding tax to the Belgian tax authorities themselves (which withholding tax then generally also constitutes the final taxation in the hands of the relevant investors).

Capital gains realised on the sale of the EUR Notes are in principle tax exempt, unless the capital gains qualify as interest (as defined in the paragraph “Belgium” above). Capital losses are in principle not tax deductible.

Organisations for Financing Pensions:

Interest and capital gains derived by Organisations for Financing Pensions (“*Organismes de Financement de Pensions*”/“*Organismen voor de Financiering van Pensioenen*”) within the meaning of the Law of 27 October 2006 on the activities and supervision of institutions for occupational retirement provision (“*loi du 27 octobre 2006 relative au contrôle des institutions de retraite professionnelle*”/“*wet van 27 oktober 2006 betreffende het toezicht op de instellingen voor bedrijfspensioenvoorzieningen*”), are in principle exempt from Belgian corporate income tax. Capital losses are in principle not tax deductible.

Non-residents:

Holders of EUR Notes that are not residents of Belgium for Belgian tax purposes and that are not holding the EUR Notes through a permanent establishment in Belgium will not become liable for any Belgian tax on income by reason only of the disposal of the EUR Notes, provided that they qualify as Tax Eligible Investors and that they hold their EUR Notes in an X-Account.

A non-resident company having allocated the EUR Notes to the exercise of a professional activity in Belgium through a Belgian establishment is subject to practically the same rules as a Belgian resident company (see above).

Belgian tax on stock exchange transactions

Any EUR Notes acquired by the EUR Offeror will be cancelled on receipt and accordingly any transfer of the EUR Notes to the EUR Offeror pursuant to the EUR Tender Offers should not give rise to a Belgian tax on stock exchange transactions (“*taks op de beursverrichtingen*”/“*taxe sur les opérations de bourse*”). However, the EUR Offeror will bear (directly or indirectly, by way of reimbursement or otherwise) the Belgian tax on stock exchange transactions if such tax would nonetheless be due or applied in respect of any transfer of EUR Notes pursuant to the EUR Tender Offers.
